ACKNOWLEDGEMENTS

I have been engaged in Astrology since 2004. In this span of more than a decade, I had been able to write almost a 25 books on this subject. I was also able to run a magazine on Astrology titled 'ASTROVISION' for the last 07 years, besides authoring more than 100 articles. I have been conducting classes also either through mails, skype, or through in person at Hyderabad. The concept behind these humble endeavours is only to spread the subject and also to make the generations next ready.

While the path we came by may be history, the persons who are in touch with you are to be acknowledged.

There are quite a number of intelligent and benevolent people whom I came across in my humble astrological path. What we gathered from the nature should be offered to needy persons who are around us. Nothing belongs to us – not even our physical body – as everything belongs to the mother-nature.

If any of the esteemed readers are having any doubt in their mind with reference to the technicalities, method, or contents of this book, or would they like to seek any clarifications, they are welcome to contact the author directly without any hesitation either through mobile or through e-mail or in person. The mobile no., E-mail ID and the address have been illustrated in this book.

All the very best success and prosperity to one and all!! Always at the lotus feet of Gurujii!!

Yours truly

PREFACE

Om uchishta Mahaganapthaye namah

Astrology is one of the few genuine, wonderful and immaculate tools available to mankind to read the life events and to predict the future.

Many people ask as to why a prediction made based on Astrology fails. Every student should understand that astrology is a science, but prediction is nothing but skill of an individual. Also, the predictive skill varies from person to person, as talent varies from person to person. The subject shall not fail, but a predictor may. Let an astrologer do not pass the buck. The buck should stop at his table.

Many astrology students generally feel that the analysis presented in many books are lacking clarity or they are not sufficient enough for one to understand. It appears that some books have edited out the main crux of arriving at life events such as education, marriage, child birth, longevity, foreign travel, health or diseases, etc.

Hence it is felt that the analytical method should more of interactive form and should be simplified down to earth. An attempt is made in this book in that direction.

While writing this book, a special care is taken as to not to peep into the personal life of the natives, whose horoscope is discussed. I am sure that this book will make a good one for reading and learning Astrology. With humble pranams to Almighty God!

Yours sincerely

MK VISWANATH

SOME FUNDMENTAL RULES

In this write up, a sincere attempt is made to portray some of basic fundamental rules and stipulations that are required for covering the astrological concept passed on through this book:

PLANETS

In traditional Astrology there are 09 planets or celestial bodies, which are considered for evaluation such as Sun, Moon, Mars, Mercury, Jupiter, Venus, Saturn, Rahu and Ketu, and they are called Surya, Chandra, Kuja, Budha, Guru, Shukra, Shani, Rahu and Ketu in India. While Mars, Mercury, Jupiter, Venus and Saturn are planets, Sun and Moon are considered luminaries. Rahu (North Node) and Ketu (South Node) are the imaginary nodes of Moon (Chandra).

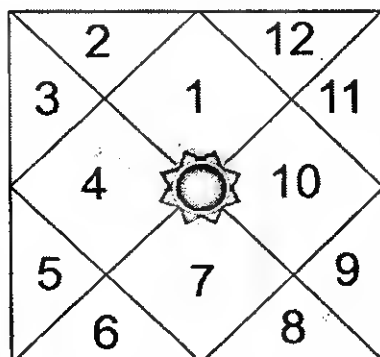

SIGNS

There are 12 signs considered in the zodiac, which are called Aries, Taurus, Gemini, Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius, Capricorn, Aquarius and Pisces. They are called as Mesha, Vrishabha, Mithuna, Karkataka, Simha, Kanya, Tula, Vrishchika, Dhanu, Makara, Kumbha and Meena in Indian terminology.

SIGN LORDS

Sun (Surya) rules Leo (Simha). Moon (Chandra) rules Cancer (Kataka). Mars (Kuja) rules Aries (Mesha) and Scorpio (Vrishchika). Mercury (Budha) rules Gemini (Mithuna) and Virgo (Kanya). Jupiter (Guru) rules Sagittarius (Dhanus) and Pisces (Meena). Venus (Shukra) rules Taurus (Vrishabha) and Libra (Tula). Saturn (Shani) rules Capricorn (Makara) and Aquarius (Kumbha).

STAR AND ITS LORDS

The following table shows the chart the total 27 constellations considered in Astrology, their star lords and the Vimshottari Maha Dasha allocated. Vimshottari Maha dasha (VMD), which is a total of 120 years, is the operating period of all planets, which is derived from the Moon's longitude at the time of an event (say birth).

NORTH INDIAN STYLE ZODIAC AND STARS

The following image shows the positions of Nakshatra in zodiac as per the diamond chart system of North India.

SUB LORD

A star is divided into 09 parts based upon the Vimshottari dasha system and thus arrived are the sub lord.

Longitude of one constellation is 13 deg. 20 min., which when converted into minutes becomes 800 minutes. The total no. of years for Vimshottari Maha Dasha (VMD) is 120 years. (60 seconds is 1 minute. 60 minutes is 1 deg. 30 deg. is 1 sign.)

Planet	Star degree (Min.)	VMD	VMD years	Sub longitude (Deg.Min)	Measurement of Sub lord		
					Deg	Min	Sec
Ketu	800	7	120	46.67	0	46	40
Venus	800	20	120	133.33	2	13	20
Sun	800	6	120	40.00	0	40	0
Moon	800	10	120	66.67	1	6	40
Mars	800	7	120	46.67	0	46	40
Rahu	800	18	120	120.00	2	0	0
Jupiter	800	16	120	106.67	1	46	40
Saturn	800	19	120	126.67	2	6	40
Mercury	800	17	120	113.33	1	53	20
					9	256	240

240 seconds are 04 minutes. 256 minutes are 4 deg. and 16 minutes. Hence as per the calculation above, 13 deg. (9 + 4) and 20 min. (16 + 4), which is 800 minutes is arrived when all the subs are tallied.

The sub of Ketu (South Node) is 00 deg. 46 min. and 40 seconds. Next set of stars are Bharani, Purva and Purva Ashada, of which Venus (Shukra) is the star lord. In this, the first sub shall be that of Venus (Shukra), followed by Sun (Surya) and as per the order mentioned above, with Ketu (South Node) being the last sub. Same way has to be adapted for other stars.

ASPECTS

All planets are having its dhrishti or view from its 07th position, which is called aspect. Whereas in addition to the 07th aspect, Mars (Kuja) aspect 04 and 08 from its position. Saturn aspects 03

and 10 houses, while Jupiter (Guru) aspects 05 and 09 houses. Influence of planets could be considered in a house where it aspects. Nodes (Rahu or Ketu) do not have aspect.

DASHA / BHUKTI / ANTARA

Native should be operating the dasha / bhukti / antara / Sookshma of particular planets, which have to be considered for selecting particular period for the event.

RULING PLANETS

Ruling planets at the time of judgement of the event has to be considered. Ruling planets are:

- 1) Lagna sign lord
- 2) Lagna star lord.
- 3) Moon (Chandra) sign lord.
- 4) Moon (Chandra) star lord
- 5) Day lord.

In order to select a particular event, the ruling planets are taken into consideration at the time of judgement.

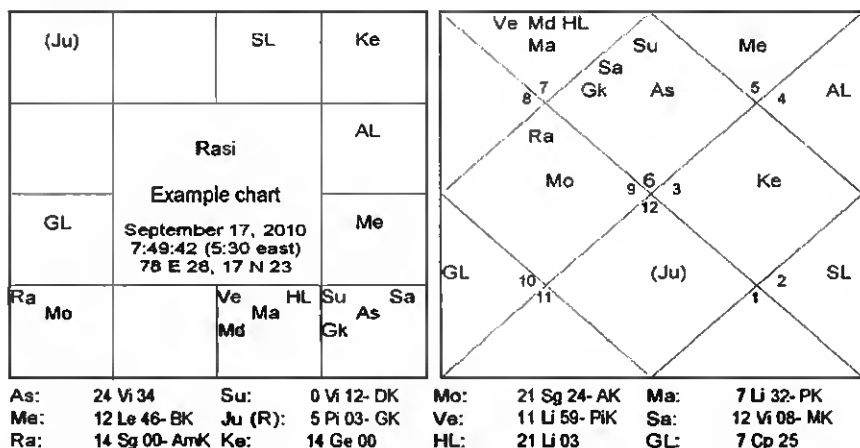

LAGNA / MOON (CHANDRA) SIGN

Astrologers consider lagna or Moon (Chandra) sign (janma rashi) first house for counting the houses in a horoscope chart.

NODES – RAHU / KETU

Rahu (North Node) or Ketu (South Node) are the Nodes and they are not planets. They are called shadowy planets in Vedic Astrology. Rahu (North Node) or Ketu (South Node) will give results of (a) planet conjoined with (b) Planet aspected by (c) result of its star lord (d) Sign lord in that order. In order to

evaluate the significations of Nodes, let us check the following example chart:

Body	Longitude	Star	P	Significations
Asc. (Lagna)	24 Vi 33'	Chit	1	--
Sun (Surya)	00 Vi 11'	UPha	2	12, 01
Moon (Chandra)	21 Sg 23'	PSha	3	11, 04, 02, 09
Mars (Kuja)	07 Li 32'	Swat	1	03, 08, 02, Ra, 04
Mercury (Budha)	12 Le 46'	Magh	4	12, 01, 10, Ke,
Jupiter (Guru)®	05 Pi 03'	UBha	1	04, 07, 01, 05, 06
Venus (Shukra)	11 Li 58'	Swat	2	02, 09, Ra, 04
Saturn (Shani)	12 Vi 07'	Hast	1	01, 05, 06, 04, 11
Rahu (N Node)	14 Sg 00'	PSha	1	04, Mo, Ve, Ju
Ketu (S Node)	14 Ge00'	Ardr	3	10, Sa, Ra, Me,

In this example chart taken out at 7-49 a.m. at Hyderabad, India, on 17 Sept 2010, lagna is rising in Virgo (Kanya). Rahu (North Node) is posited in 04th house at 14 deg. Hence it is in the house of Jupiter (Guru) and is in the star of Purva Ashada ruled by Venus (Shukra). It is conjoined with Moon (Chandra). Hence Rahu (North Node) will give result in the following order:

- a) Planet conjoined with : Moon (Chandra).
- b) Planet aspecting Rahu : (None in this case).
- c) Rahu posited in the star of : Venus (Shukra)
- d) Rahu posited in the house of : Jupiter (Guru).

So, as per the rule above, Rahu (North Node) will give result of Moon (Chandra), Venus (Shukra) and Jupiter (Guru). In other words, wherever Moon (Chandra), Venus (Shukra) and Jupiter (Guru) give result, Rahu (North Node) will also offer the same result.

In the case of Ketu (South Node), it is posited in 10th house at 14 deg. in Arudra star ruled by Rahu (North Node) in Gemini (Mithuna). It is further aspected by Saturn (Shani). So, let us take the results of Ketu (South Node) in the following way:

- a) Planet conjoined with  : (None in this case).
- b) Planet aspecting Ketu  : Saturn
- c) Ketu posited in the star of : Rahu
- d) Ketu posited in the house of : Mercury.

Therefore, Ketu (South Node) will give result of Saturn (Shani), Rahu (North Node) and Mercury (Budha) i.e., wherever they offer the results, Ketu (South Node) just follows.

PLANETS IN NODE STAR

The planets which are posited in the stars of Nodes, viz. Rahu (North Node) (Arudra, Swati, Satabhisha) and Ketu (South Node) (Ashwini, Makha, Moola) will offer the result such that wherever the Nodes offer.

ARTHA HOUSE

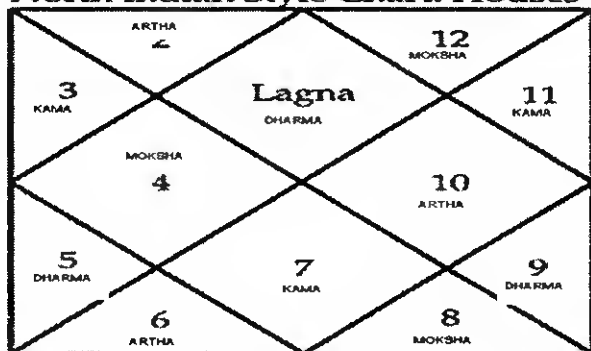

One may be rich or poor. But the astro-horoscope of a person should be a telling screen about his various life aspects including the wealth factors.

In order to assess the wealth factors, the Ardhha (wealth) houses have to be verified.

As per the following sample chart, the Ardhha houses are 02, 06 and 10 only. But 11th house is also considered as Ardhha house, since it stands for gains, fulfillment of desires, etc.

PIS 12 MOKSHA	ARI 01 DHARMA	TAU 02 ARTHA	GEM 03 KAAMA
AQU 11 KAAMA			CAN 04 MOKSHA
CAP 10 ARTHA			LEO 05 DHARMA
PIS 09 DHARMA	SCO 08 MOKSHA	LIB 07 KAAMA	VIR 06 ARTHA

North Indian Style Chart: Houses

Note: This chart has to be rotated with reference to one's lagna and counted accordingly, in order to evaluate all houses.

DHARMA

Dharma a concept of central importance in Indian philosophy and means "something which upholds or supports". It also means Law or Natural Law. Houses such as 01, 05 and 09 are termed as dharma houses when counted either from lagna or Moon (Chandra) sign.

ARDHA

Ardha is a Sanskrit term referring to the idea of material prosperity. Artha is one of the four goals of life. Houses such as 02, 06 and 10 are termed as ardha houses when counted either from lagna or Moon (Chandra) sign.

KAAMA

The word Kama stands for desire and love. Houses such as 03, 07 and 11 are termed as Kama houses when counted either from lagna or Moon (Chandra) sign.

MOKSHA

The word moksha is interpreted as liberation or emancipation, etc. Houses such as 04, 08 and 12 are termed as moksha houses when counted either from lagna or Moon (Chandra) sign.

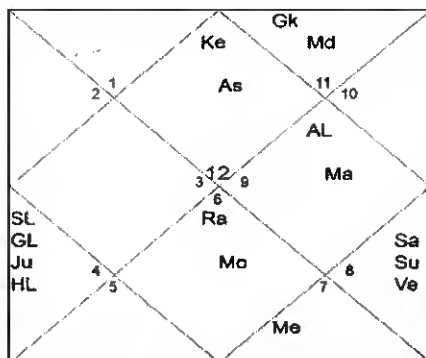

These concepts are termed as four goals in one's life.

VIMSHOTTARI MAHA DASH (VMD)

There are various dasha systems, which is nothing but the operating period of planets. Among them, Vimshottari Maha Dasha (VMD) system is more popular, and the allocated years for each planet are:

Sun (Surya)	: 06 years
Moon (Chandra)	: 10 years
Mars (Kuja)	: 07 years
Mercury (Budha)	: 17 years
Jupiter (Guru)	: 16 years
Venus (Shukra)	: 20 years
Saturn (Shani)	: 19 years
Rahu (North Node)	: 18 years
Ketu (South Node)	: 07 years

VMD is arrived from the longitude of the Moon (Chandra) at the time of the event, viz. birth, for a total period of 120 years. Among the above VMD, the least number of years ruled are:

Sun (Surya)	- 06 years,
Mars (Kuja)	- 07 years,
Ketu (South Node)	- 07 years,
Moon (Chandra)	- 10 years.

Other planets have got comparatively very good number of years allocated in terms of Vimshottari dasha (VMD). So when those planets signify the houses for wealth or house or name or fame, or miseries, the same can long-last.

JANMA STAR AND BALANCE VIMSHOTTARI DASHA

On this day, the Moon is in the star of Makha in Leo, which is ruled by Ketu. Ketu is having Vimshottari Maha dasha of 07 years. The longitude of one Nakshatra is $13^{\circ}-20'$, which, when converted into minutes shall be 800 minutes.

End longitude of Ketu star	: Leo $13^{\circ} 20' 00''$
Less: Longitude of Moon	: <u>Leo $07^{\circ} 01' 57''$</u>
Difference	: $06^{\circ}-18'-03''$

Multiply 6 deg by 60 to arrive at minutes, which are 360 (6 x 60). Add 18 minutes into 360, which shall be 378 (360 + 18) Thus we shall take:

$$\frac{378-03 \times 07}{800} = 3.3075 \text{ years.}$$

Months	= 0.3075 x 12 shall be 3.69 months
Days	= 0.6900 x 30 shall be 20.7 days
Hours	= 0.7000 x 24 shall be 6.48 hours
Minutes	= 0.4800 x 60 shall be 28 minutes

Hence the native got balance Ketu dasha of 03 years, 03 months, 20 days, 06 hours and 28 minutes.

- e) Jupiter is in own star. It is lord of 01 and 04. It does not have any other signification. Only Saturn and Rahu are

supporting Jupiter. Since Jupiter is lagna lord, it can make the Government quite orthodox and adamant in nature. The spending pattern of the Government shall be slow and steady. Since Saturn is conjunct with Rahu, the corruption cannot be ruled out. Income by the Government shall not be in disappointment, but cannot be considered bad too.
- h) The lagna is in the star of Moola in Sagittarius. Ketu is in the 05th house shall make the Government to be nervous, lack of satisfaction, lots of thinking process, etc.

The period of Mars-Rahu shall be used for making friends without industries, opposite parties, Central Government, investment into the State, arranging money, etc. But the result shall not be quite faster as Saturn is linked to Rahu and also fact that Saturn is lord of 02nd house. But since Saturn (11) is in the star of Jupiter, the efforts shall not go waste as Jupiter shall function as savior. But during this period there shall be un-orthodox actions by the

01) Birth Time Rectification

As per the given time, the sub lord of lagna is Jupiter and that of 09th cusp is Sun. Sun is in the star of Ketu in Leo, while Ketu, being in Pisces, indicate Jupiter. Hence the time of birth is considered correct. (However, in this article the horoscope based on sub lord system is not appended. Readers are free to make a chart based on Sub lord using a reliable software).

02) Born near a watery place

The native was born in Kakinada town. Kakinada is close to sea shore. Hence a watery sign connection has to be seen with the 04th house, which is home or homeland. Indeed the lagna is in Aries and 04th house is Cancer, which is a watery sign. 04th house denotes home, mother, home-land, etc. Hence the person is born near a watery body.

03) Native left home place

04th house denotes home, home-land, etc. If there is link of 04th house with that of 03 / 12, it is seen that the native moves away from native place. In this chart, Moon is lord of 04th house and it is in 03rd house. Lord of 03rd house is Mercury, who is in 04th house. Mercury gets the aspect of Jupiter, who is 12th lord. Hence there is a link of 03 / 04 / 12 and it is felt that the native should leave his homeland.

04) Central Government employment.

Central or Federal is signified by 09th house. Government is signified by Sun. 10th house is for profession. 06th house is for service. Hence if one is having these connections in the horoscope, one shall be doing service in a Central Government organization.

In this chart, Saturn is lord of 10 (profession) and 11 (gains). It occupies 09th house (Central). Ketu is in the star of Saturn in Pisces. Rahu is in Virgo gets the 10th aspect of Saturn. Indeed Sun (Government) is in the star of Ketu in Leo.

Mars is in 06th house (service), who is lord of lagna and it is in the star of Sun (Government). Mars is linked to Nodes. So Nodes, either Rahu or Ketu, offers result of 09,10,11,06 and Sun (Government).

Hence there is link with 06, 09, 10 and 11 along with that of Sun for the native to get an employment in Central Government.

05) Railway Employee

Railway is a central government organization in India. The prime job of Railway is to transport men and material. Of course, Airlines or a shipping Company also do the same job. But for Railway an earthy sign is to be seen, as it is surface transport. For Airlines an airy sign is to be seen, since air-plane is an airy vehicle. For Ship, a watery sign is to be seen, since ship is a watery vehicle. So, 03rd house shall come into picture as transportation is deciphered from 03rd house. Mercury (Budha) is lord of 03rd house from Aries and hence it signifies transportation. 04th house and Venus signifies vehicles.

Moon is lord of 04th house. It is in Gemini, which is 3rd house. Mercury is lord of 03rd house and it is in 04th house. It is in a watery sign. But either 06 (service) or 10 (profession) are not watery signs. Indeed 09 and 10 lord Saturn is in a dual sign, which is placed in Sagittarius.

Hence, 03, 04, 06, 09, 10 are linked along with Sun and Rahu for native to get job in Railway. Rahu denotes Mercury (03, 06). Mercury stands for transportation, communications, etc. Rahu is in an earthy sign. Railway is a surface transport system (earthy sign).

06) Got Job in which period?

06th house indicates service, while 10th stands for profession. Sun denotes Government. 03rd house is for transportation, communication, etc. 09th house is for Central Government. 02nd house is for money and 11th is for gains. The native should have got job in the VMD of Jupiter-Saturn-Mars. Jupiter denotes 09 and 12 houses. Saturn denotes 09, 10 and 11 houses. It is in the star of Ketu (12). Sun (Government) denotes Ketu (Government)

through Mars (06-Service). Rahu (03, 06) is getting the aspect of Saturn. Mars is in 06th house and denotes Sun. Hence the pertinent houses are connecting during the said VMD.

07) Native lives in Hyderabad

The native is living in Hyderabad. The combination for Hyderabad, twin city with Secunderabad, is seen with a combination of Mars, Mercury and Rahu. 04th house signifies home. 03rd house shall negate it. 12th house denotes new environment. 04th house falls in Cancer. It is occupied by 03rd lord Mercury. Rahu denotes Mercury as it is in Virgo (barren sign), a sign ruled by Mercury. Rahu is conjunct with Mars. Rahu offers result of Mars too. Ketu is in 12th house and getting the aspect of Mars. So Rahu offers result of 03 and 04 through Mercury. Moon, being lord of 04th house, is in 03rd house in Gemini, a barren sign. Hyderabad is indicated by a barren sign, especially Virgo. Virgo is also a dual sign denoting twin cities of Hyderabad-Secunderabad.

CORRECT BIRTH TIME

However, is this chart correct? How shall we find out this? The preceptors advocate that planets ruling at the time of birth and

the planets ruling at the time of judgement shall be one and the same, but only its order may vary.

Judgement date of this chart is 12th July 2016 (Tuesday) at Hyderabad at 10-01 a.m., and the transit positions of planets are given below:

Body	Longitude	Star	P
Lagna	23 Le 11' 31"	Purva Phalguni	3

Rahu	21 Le 17' 28"	Purva Phalguni	3

The ruling planets are identified as below (for various reasons):

- a) Lagna sign lord -- Sun
- b) Lagna star lord -- Venus
- c) Moon sign lord -- Mercury
- d) Moon star lord -- Mars
- e) Day lord -- Mars

YEAR OF BIRTH

Is it true that Pandit Nehru was born in the year of 1889 when Jupiter was transiting in the star of Venus (Purvashada) in Sagittarius? Can we check this? Yes! It is possible. How?

There shall be a link between natal position of Jupiter and to that of Jupiter's position in the transit chart. This is because Jupiter

denotes year of the event, i.e., year of birth in this case. We are indeed looking for the year 1889.

Now that both charts viz. natal as well as transit are in front of us, one may see that even in the transit star Jupiter is in the star of Venus, though not in Sagittarius, but in Leo. So Jupiter gives clue to that Pandit Nehru was in the year of 1889.

MONTH OF BIRTH

Sun signifies month of the event. Here the month of the birth is being verified. In the natal chart, Sun is in Visakha star ruled by Jupiter. In the transit chart Sun is in Punarvasu star ruled by Jupiter. In both cases the star lord is Jupiter. Hence the month of birth is assumed to be correct.

DATE OF THE EVENT

Moon signifies a particular day, as Moon stays in one star for about a day. In the natal chart, Moon is in Aslesha star ruled by Mercury. In the transit chart, Moon is in Virgo, a sign ruled by Mercury. It is evident that there is a link between positions of Moon in both charts and hence the date of the birth is correct.

WEEK DAY / LAGNA OF THE EVENT

On the given date of birth (14 Nov 1889), the week day was Thursday ruled by Jupiter. As per the judgement chart, the week day was Tuesday. Is there a disparity? No! How? Because, on the date of judgement the day lord of Tuesday, who is Mars, was in the star of Jupiter (lord of Thursday) in Visakha. Hence there is a link between day lords in both charts and the week day is also

correct. This analysis can also be considered with reference to lagna position. Lagna lord is Moon in the natal chart, and it is linked to Mercury in both the charts.

LAGNA STAR LORD

Lagna or Ascending sign in both the charts may be verified to ensure that the lagna is correct. In the natal chart, lagna was in Mercury star Aslesha, while in the judgement chart, the lagna is in Purva star ruled by Venus. In the judgement chart, Venus is conjunct with Mercury in Cancer. Hence the native was born when lagna is transiting in the star of Mercury viz. Aslesha.

These steps conclude the verification of birth details of the native and confirmation thereof.

LIFE EVENTS

There are many life events in a human life, which cannot be counted on fingertips, and as such an astrologer, one may not be in a position to discuss all of them. But some of the important life events should be discussed, which are: (a) longevity, (b) Education, (c) Profession, (d) Marriage, (e) Progeny, (f) Foreign travel, (g) Health, (h) Wealth (i) general nature of the native, etc.

Now let us get into these details:

HIGH LEVEL, NAME AND FAME

10th house is for fame, name, etc. Jupiter shall give expansion. Mars can give power and Sun is for position. Venus is for fan following, love, affection, etc.

Position of Mars in 03rd house and its aspect on 10th house is important. In this case, Mars is lord of 10th house. Its aspect on 10th house offers strength to that house.

Jupiter is in the star of Venus, and it is in 06th house and thus it aspects 10th house.

The close proximity of Sun with Venus and Jupiter are important aspects. Sun is in Visakha star ruled by Jupiter, while Jupiter is in the star of Venus (Purva Ashada). These combinations can offer some position in life.

EDUCATION

For education, houses 04 and 09 may be considered. Planets for education are Jupiter and Mercury. Saturn and Ketu can spoil the education along with houses 03, 05, 08 and 12. But how shall we evaluate this? We should examine (a) the horoscope chart (either natal or horary, as the case may be), (b) the DBAS running during the education and (c) the transit of planets linked to above (a) and (b).

Nehru studied in Trinity College, Cambridge, in October 1907 and graduated with an honours degree in 1910 in Natural Science, which is a branch of Science deals with the physical world, e.g. Physics, Chemistry, Geology and Biology.

06th house is for Science. Sun stands for Science group. Jupiter and Sun together offer biology. Mars is for Physics. Sun and Venus denote Chemistry. 04th house and Moon-Saturn-Mars denotes Geology.

The above period of studying was during the VMD of Ketu-Mars. Transit Ketu was in Purva Ashada in Sagittarius, while transit Mars

was in Utharashada in Capricorn. These two stars are ruled by Venus and Sun respectively.

After completing his degree in 1910, Nehru went to London and stayed there for two years for law studies at the Inns of Court School of Law (Inner Temple). He passed his bar examinations in 1912 and was admitted to the English bar. In 1910 Nehru had the VMD of Ketu-Saturn. Ketu denotes 06 (Enmity) and 09 (legal, higher education) along with Jupiter, who denotes legal system. Saturn denotes 02 (argument), 07 (client) and 08 (dispute). These combinations helped native to go in for Law studies.

PROFESSION

After returning to India in August 1912, Nehru enrolled himself as an advocate of the Allahabad High Court and tried to settle down as a barrister, but he did not like the profession.

Ketu is in 06th house, which is the house of duty or service or employment. Ketu is mokshakaraka. It does not give interest for one to work on a day to day basis, habitually.

Of course Jupiter is lord of 06th house. It is in own house in 06th house. It is in the constellation of Purva Ashada, ruled by Venus. Venus is lord of 04th house and occupies 04th house. This is not good for service, since 04th house denotes home, mother, mind, etc. Hence native's mind shall be inclined to stay at home.

Rahu is being aspected by Jupiter. It is in own star in Gemini, viz. Arudra. So it signifies Mercury too. Mercury is placed in 04th house. The nature of 04th house is already discussed. Hence Rahu, along with Jupiter and Ketu offers 04th house results. Venus and Mercury are in the constellations of Rahu in Libra, viz. Swati. They offer more result of 04 and 12. Sun is in the constellation of Jupiter in Visakha in

Scorpio, which is 05th house from lagna. 05th house indicates negation (vyaya) to 06th house and hence this house does not support service. Mars is lord of 05th house and it is aspecting Jupiter and Ketu. Hence it can be concluded that 06th house of Pandit Nehru is heavily afflicted to damage the aspects of daily service, duty, etc.

FOREIGN TRAVEL

One shall visit abroad, if houses 03, 09 and 12 are linked in the chart and that the pertinent VMD appears. 03rd house negates short journey and it negates 04th house, which is for home land. 09th house is for foreign travel, while 12th house is for new environment including stay at away-place. The causative (karaka) planets are Mercury and Jupiter. Rahu is considered as foreigner.

In this chart, Cancer (Karaka) is the lagna. Lord of houses 03 and 12 is Mercury, while 09th lord is Jupiter. Rahu is placed in 12th house in Gemini, ruled by Mercury and it is under aspect from Jupiter. Jupiter is placed in 06th house and Mercury is in 04th house. Mercury is in the star of Rahu. Jupiter is in the star of Venus while Venus denotes Rahu. Venus and Mercury are in the stars of Rahu (Swati) in Libra, which is 04th house from lagna.

Hence 04th house is linked to houses 03, 09 and 12 along with Mercury, Jupiter and Rahu. This can take native abroad. Both Jupiter and Mercury are karaka for education.

Nehru studied in Trinity College, Cambridge, in October 1907. Hence the native should have left for England sometime around August 1907. So the dasha / bhukti lord operated at that time should support for one to go abroad, even though the chart has got the requisite combinations. The VMD was Ketu-Moon-Venus. Dasha lord Ketu is linked to Jupiter as it is conjoined with Jupiter, who denotes 09th

house. Bhukti lord Moon denotes 01, 03 and 12. Antara lord Venus denotes 03, 04, 09 and 12 through Rahu, who offers result of Mercury (03, 04 and 12) and Jupiter (09).

But Nehru had returned to India in 1912, which should be at the beginning of Venus maha dasha. This should be possible because Venus is lord of 04th house and is occupant of 04th house (home land). Venus is under aspect of Saturn, who is lord of the 08th house and occupies 02nd house. 08th house negates 09th (foreign travel) and 02nd house denotes family.

These combinations helped native to visit abroad for studies and return home.

POLITICAL LIFE

Within months of his return to India in 1912 he had attended an annual session of the Indian National Congress in Patna, marking his political life for liberation of India from the mighty colonial Britain.

In 1912 the native was in the onset of Venus VMD. Venus denotes 04th house (home) and Jupiter, who is in the star of Venus, denotes 06 and 09. 09th house is for desha or kingdom or country. Ketu (06) denotes charity work. 05th house is for one's love or interest and it also denotes politics. Sun is for Government. Sun is in 05th house and it is in the star of Jupiter (06 and 09). So native shall have some love for Government and country. These combinations led the native to Politics.

MARRIAGE

Pandit Nehru married Kamala Kaul on 08 Feb 1916, and the couple was blessed with a female child.

The marriage was at the age of 27 years, which should be considered quite late considering the era in which Nehru lived in Indian conditions, as so many child marriages were prevalent during those times.

It is seen that for Cancer and Leo or Capricorn and Aquarius, marriage shall take place under the supervision of Saturn. This is because for the rising signs of Cancer and Leo, Saturn shall be the lord of 07th house (spouse), while for Capricorn and Aquarius; Saturn shall be the lord of lagna, meaning self.

The marriage the native was solemnized during the VMD of Venus-Sun-Saturn-Sun under the following transit chart (at 06-00 am) of the day:

Body	Longitude	Star	P	Significations
Sun	25 Cp 20'	Dhanishtha	1	02,05,03,07,10
Mon	21 Pi 41'	Revati	2	01,03,12,04,09
Mar(R)	28 Cn 16'	Aslesha	4	01,5,10,03,12,04
Mer(R)	19 Cp 25'	Shravana	3	01,03,12,04,07,09
Jup	06 Pi 29'	Uthar Bhadra	1	06,09,07,09,02,12
Ven	00 Pi 36'	Purv Bhadra	4	04,11,06,09
Sat(R)	17 Ge 54'	Arudra	4	07,08,02,12, Ra
Rah	15 Cp 08'	Shravana	2	Mo, Sa, Su
Ket	15 Cn 08'	Pushya	4	Mo, Sa, Su,

Marriage can take place when the houses such as 01, 02, 03, 05, 07, 08, 10, 11 and 12 operate. It is also seen that 07th house will have some link with 04th house.

Why all these houses are required for marriage? The standard rule of 02, 07 and 11 are fine for marriage is not really fitting,

especially in natal chart. Hence the existing rule has to be modified.

So, 01st house is for self; 02nd house is for family or addition of a member; 03rd house is for understanding, agreement, compromise, father-in-law, etc.; 05th house is for love, affection and romance; 07th house is for partner; 08th house is for mangalya or application of sexual organs; 10th house is for home of spouse and mother-in-law; 11th house is for fulfillment of desires, love of spouse, etc.; and 12th house is for sleep.

Technically, marriage is merely a ceremony prescribed by forefathers and formally sanctified by elders, but we attach a lot of importance to this ceremony across many Indian communities.

Then what exactly marriage is? Marriage is a vow meant for a lifetime relationship; a vow that helps one to raise a family, offer responsible and disciplined citizens to the society for nation building. In most cases, marriages are celebrated in a social gathering, but preferring a marital partner is purely personal.

But what exactly happens in marriage is self and spouse are joining together to make a family. If self is 01st house, 07th house is spouse. Family is derived from 02nd house. But these are not enough to make a family. One should have romance and sex with the partner for generating the next generation. Romance is a feeling, while sex is an act. As far as romance is concerned, 05th house operates; while 07th house is for marriage and partner. 08th house is for application of sexual organs when applied together with 07th house. 12th house indicates sleep. When one marries one shall have relation not only with spouse, but also with parents of the spouse. Mother is deciphered from 04th house. So mother of

spouse shall be 4th from 07th house, which is 10th house. Father is deciphered from 09th house. Father of the spouse shall be 09th from 07th house, which is 03rd house.

When one marries, the role of male and female planets cannot be ignored. Male planets are Sun, Mars and Jupiter. Female planets are Venus and Moon. Rest of the planets like Mercury, Saturn, Rahu and Ketu are eunuchs. But if a male planet is located in the star of female planet, the male planet will tend to behave as female. Same is the case with female planets. If eunuch planet is in the star of a female planet, it will give result of female or else male.

In this case, Pandit Nehru got married during the VMD of Venus-Sun-Saturn-Sun. The Vimshottari dasha (VMD) consists of maha dasha, bhukti dasha, antar dasha, sookshma dasha, prana dasha and deha dasha.

The exact time when nuptial knot was tied is not known. But on 08th Feb 1916, (a day ruled by Mars) Nehru ran the prana of Ketu and Venus upto 11-36 p.m. In this particular two Prana of Ketu and Venus, one can have deha period of all the 09 planets each.

Dasha lord Venus denotes offers results of house 04, 11 and 12. Venus is female (wife). It is in the star of Rahu in Libra and hence offers the result of Rahu too fully. Rahu is in Arudra, a star ruled by Rahu itself; but it is in the sign of Mercury and is aspected by Jupiter. Hence Rahu offers the result of Mercury and Jupiter. Mercury denotes houses 03, 12 and Rahu. Jupiter offers result of houses 06, 09, 04 and 11 by self and through Venus. Rahu in general denotes other body.

Bhukti and sookshma lord is Sun. Sun denotes 02, 05, 06 and 09. Antara lord is Saturn, who denotes 02, 07, 08 and Ketu. Hence houses 02, 03, 07, 08, 11 and 12 are linked. Houses such as 01, 05 and 10 are not linked in the DBA. But since the exact time of marriage is not known, we have not concluded these houses. But in a marriage, these houses have to be connected.

But if we look at the transit chart at the time of marriage and link it to the natal chart, one could see a link between 07 (spouse) and 04 (home). Mercury who occupies 04th house in natal chart is in the 07th house (Capricorn) in the transit chart. Similarly, in the natal chart 07th lord is Saturn, who was in Arudra star in 12th house in transit chart, but is in the star of Rahu, who denotes 04th house in natal chart through Mercury. Hence there is link between 04 and 07.

Thus goes the analysis of marriage and its timing as far as this chart is concerned.

CHILD BIRTH

Nehru's only daughter, Indira, was born on 19 Nov 1917. This was during the VMD of **Venus-Moon-Venus-Venus** as per the chart of Nehru.

Child birth is denied when 05th house is weak and the planets signifying 05th house is also signifying 04, 06, 12 along with Saturn, Ketu and barren sign. Barren signs are Gemini, Leo and Virgo.

When 05th house is linked to 02, 05 or 11 it can produce child birth. 05th house is for child birth, while 02nd house (addition of a member, family) and 11th house (gains, fulfillment of desires) are

supporting houses. 11th house also becomes 05th house for the spouse. Fruitful signs viz. Cancer, Scorpio and Pisces play supporting role for pregnancy and child birth. When can child birth take place? It can take place when the conjoined period (VMD) of these planets operate.

The analysis for child birth goes on like this:

- 01) Child birth is seen from 05th house, which in this case is Scorpio ruled by Mars. Mars is placed in 03rd house in the star of Moon (Hash) in Virgo. Hence Mars is controlled by Moon. Virgo is of course a barren sign. But Moon is in a watery sign, viz. Cancer, which is lagna. So Moon cannot deny child birth. There are no planets in the stars of Mars (Mrigashira, Chitra or Dhanishta).
- 02) Sun is an occupant of 05th house. It signifies Jupiter as it is placed in the star Visakha. Jupiter is occupant of 06th house. This indicates 05, 06 are linked. But Sun is lord of 02nd house too. Scorpio is a fruitful watery sign, which is favorable for child birth.
- 03) Saturn is in a barren sign (Leo) in 02nd house. But Saturn is not connected to Sun or Mars, who are signifying planets for 05th house. Ketu, who is in own star, is conjoined with Jupiter, but it is not linked either Mars or Sun. The other Node, Rahu, is not linked to Mars or Sun. So neither of the Nodes do signify 05th house so directly.
- 04) Hence the signifying planets for 05th house are Sun and Mars. Though Sun signifies 06th house through Jupiter, 06th house alone cannot deny child birth. Hence these planets have got enough strength to promote child birth, and thus the child birth is promised.

05) The VMD for the native was that of Venus-Moon-Venus-Venus. Venus is lord of 11th house. It is occupying 04th house in the star of Rahu (Swati). Rahu is in 12th house. But luckily Rahu also offers the result of Jupiter. Jupiter is in the star of dasha lord. Jupiter is putra karaka or causative planet for child birth. Hence the dasha lord Venus is capable of promoting child birth. Bhukti lord is Moon. What is the role of Moon? Moon does not signify either 02 or 05 or 11. It is lord of 01 and in the star of Mercury. Hence Moon signifies 01, 03, 04 and 12 through self and Mercury. Since Mercury is in the star of Node Rahu, Moon also offers the result of Rahu. Rahu denotes Jupiter and Mercury. The role of Mercury is discussed. Jupiter is in the star of dasha lord Venus. These planets have no link to 05th house.

06) But one should realize the fact "when a period of 'X' planet operates, any planet linked to this 'X' planets also comes into the picture". When the period of Moon operates as per this chart, the planets which are linked to Moon also get operational. In this chart, Nodes are not linked to Moon (directly). But Mars is placed in the star of Moon in Virgo, as explained earlier. Hence Mars becomes a signifying planet when Moon period operates. Now the picture is clearer, because Mars is lord of 05th house (child birth). Hence the period supports child birth.

FEMALE CHILD

What about the gender of the child? Let us check this aspect too.

01) One could see that the VMD period at the time of delivery of the child was of Venus and Moon. Both are females.

Venus is in star of Rahu. Moon is in the star of Mercury, who is in the star of Rahu. Hence Rahu holds the key. Rahu is in own star and signifies Jupiter. Jupiter is further in the star of Venus. So Venus prevails. Hence, though male, tends to act as female. This indicates that there shall be female child for the native. We can do a reverse analysis. Moon and Venus are female; Sun, Mars and Jupiter are male; Mercury, Saturn and Nodes are eunuchs. But when a male planet is in the star of female planet, the said male planet becomes female (subject to position of female planet). Same way for female planets. Eunuch planets cannot offer any gender, but they offer the result of the respective star lords.

- 02) If Saturn (Shane), being a eunuch, if placed in the star of Venus (Shark) or Jupiter, it offers the result of Venus and Jupiter respectively, i.e. Venus is female and Jupiter is male.
- 03) Jupiter (Guru) is in the star of Venus; Mars (Mangle) is in the star of Moon; while Sun is in the star of Jupiter. But since Jupiter denotes Venus, Sun cannot offer the result of male gender. This way the gender of the child should be female.
- 04) The human gestation period is of around 270 days. Counting back to arrive at the approximate conception date, the same could be around 03rd week of Feb. 1917. During this period the VMD for the native was Venus-Moon-Jupiter.
- 05) Prophecy of the preceptors is true that "planets at the time of birth and the planets at the time of judgement are one and same, but only its order varies". Venus and Moon are

females, while though Jupiter is male, is in the star of Venus, who is a female planet. Hence conception period is similar of time of birth of the child too.

ONLY ONE CHILD

How shall we decipher number of children in a horoscope chart? No doubt, we can make an effort. 05th house denotes first child. Bauru (younger co-born) is always deciphered from 03rd house. Hence the second child has to be deciphered from 07th house. In order to analyze this effect, we have to rotate the chart to 07th house and see its effects. When we analyze from 07th house by taking it as lagna for the second child, one could see if 01, 08 and badhaka are linked along with Ketu. If this combination prevails from 07th house, the birth of the second child shall be denied. Of course, one needs to consult the DBAs also.

Thus, now let us rotate the chart to 07th house, and see why there was no second child in the case of Pandit Nehru:

			Rah		11	9 Ju Ke
			Mon		12	10
Ask	Rotated chart		Sat		01	8
Jup Ket			Mar		02	7 Ve Me
Sun	Ven Mer				03 Ra	6
					04 Mo	5 Sa

Now that the lagna is Capricorn, counting there from one could see 08th house is Leo and badhaka is Scorpio (11). (For all chart lagna, 11th house shall be badhaka). Mars is badhaka lord. 08th lord is Sun. Saturn occupies 08th house; while Sun occupies badhaka house. This is not good for child birth. Now, where is the link of Ketu? Indeed, it is there. Saturn is in the star of Ketu. Badhaka

lord Mars is inspecting Ketu. Hence Saturn offers result of houses 01 and 08, while it also offers result of badhaka through Ketu.

The dasha at the time of birth of daughter India was that of Venus-Moon. Dasha lord Venus cannot be held responsible for not having a second child, but the chart is causing problems in this respect.

LONGEVITY AND DEATH OF SPOUSE

Wife of Pandit Nehru, Kamala Kaul, died on 28 Feb 1936 at the age of 36 years in Switzerland, possibly due to Tuberculosis. This was during the VMD of **Sun-Mercury-Mercury-Venus** as per the chart of Pandit Nehru.

The evaluation of longevity is same as in any chart. If we assess the longevity for self i.e., from lagna, for the longevity of spouse, we need to rotate the chart to 07th house. But is it really possible to evaluate longevity of the spouse this way? Let us make an effort!

For assessment of longevity, one has to consider the houses 01, 08 and badhaka denoting self, longevity and obstruction respectively. Now that since lagna is rotated to 07th house, Capricorn shall be the lagna for spouse. 08th house falls in Leo, while Badhaka shall be Scorpio. There should not be link with these planets. If there is link between signify planets of these houses, it shall be dangerous for longevity.

Let us now evaluate the rotated chart to 07th house:

			Rah		11	9 Ju Ke
	Rotated chart				12	10
Ask					01	8 Su
Jup	Sun	Ven	Mar		02	7 Ve Me
Ket		Mer			03 Ra	6 Ma
					04 Mo	5 Sa

What strikes us is that the 08th lord Sun is placed in badhaka house (Scorpio). This is not good for longevity of spouse, especially when Nehru was running the main period of Sun since April 1932.

Vow! Now we find our great karma karaka (causative planet who gives results based on the past deeds of the native) Saturn is located in 08th house. Normally, traditional astro belief is that if Saturn is in 08th house, it can give good longevity, as Saturn denotes old person. I am not taker of this rule, as my humble experience taught me a different reality. But I agree that if Saturn is placed in 08th house and not linked to badhaka, but to punya houses, it will offer good longevity. But why Saturn only; any other planet with such a link can offer good longevity. You need not depend upon Saturn only.

Here Saturn is also the lord of lagna and 2nd house. Many astrologers take 02nd house as maraca and say it can cause death, but I solemnly disagree. Okay; if maraca can be ignored for longevity, in that case Saturn should offer longevity. Is it so? May be! But we need to evaluate the role of Saturn totally before concluding what Saturn has got in its shelves to offer.

Here Saturn is in the star of Ketu (Makha) in Leo and hence Saturn is totally controlled by Ketu. What all results Ketu offers? A Node offers 04 significations viz., results of (a) planets conjoined with, (b) planets aspected by (c) star lord and finally (d) sign lord. Here Ketu, who is the star lord of Saturn, offers result of Jupiter and Mars only. This is because Jupiter is conjoined with Ketu, while Mars is aspecting Ketu. Ketu is in own star (Moola), while its sign lord is Jupiter himself. No other planet is aspecting Ketu. So Saturn will offer result of Jupiter and Mars too through Ketu. Role of Jupiter in deciding the longevity of spouse of Nehru is minimal in this chart, since Jupiter signifies 03, 05, 10 and 12 (from 07th house). These houses do not have direct impact on the longevity. But Mars can play a dangerous role, as it signifies badhaka. So Saturn offers these results too through Ketu. Now we understand Saturn is a spoiler with significations of 01, 08 and badhaka.

So the signifying planets for the houses of discussed above are:

- | | |
|----------------------------|-----------------------------|
| 01) Lagna | Saturn |
| 02) 08 th house | Sun, Ketu and Saturn. |
| 03) Badhaka | Mars, Sun, Ketu and Saturn. |

We could see the role of Saturn in all the 3 houses. So since Saturn gets such detrimental roles, the karma karaka shall take very serious steps in reducing the longevity of the native.

When these planets signify 01, 08 and badhaka, the longevity shall be alpa-aayu only. The running VMD of Sun, who is involved with 08 and badhaka caused the longevity to be curtailed to a rastic level, which is unfortunate. Hence the chart of Pandit Nehru indicates too lesser a longevity for spouse!!

By the way, the evaluation of longevity of wife of Pandit Nehru resemble to the longevity evaluation of Sanjay Gandhi (grandson of Pandit Nehru).

LONGEVITY AND DEATH

The sages and savants have divided longevity into 5 categories viz:

- | | |
|---|------------------------|
| 01) Balarishta or infant mortality | -- upto 08 years old. |
| 02) Alpa aayu or short life | -- 08 to 33 years old. |
| 03) Madhya aayu or medium life | -- 33 to 66 years old. |
| 04) Purna aayu or full longevity | -- 66 to 99 years old. |
| 05) Aparimita aayu or unlimited longevity | -- > 99 years old. |

Pandit Nehru passed away on 27 May 1964 during the VMD of Rahu-Mercury-Moon-Venus-Rahu. The cause of death was stated to be heart attack. The longevity awarded was that of 75 years, which comes into the purna aayu (full longevity) category.

For evaluating the longevity, it needs quite handful of experience for any budding Astrologer. But don't worry!! Experience shall make any person near perfect, while no one or nothing is perfect on this planet.

Let us analyze the longevity aspect of the native as per the table below:

Signs	(A)*	(B)*	(C)*	(D)*	(E)*	(F)*
01	Mo	Ma	Mo	Ma	Ke	Sa
08	Sa	--	--	--	--	--
11	Ve	Ju	--	--	Ke,Ra	Sa,Me,Ve

Death occurs when 01, 08 and badhaka operate, depending upon the length of the longevity. 12th house is for moksha. Lagna lord

is Moon. 08th lord is Saturn. Badhaka is 11th house, which is Taurus, ruled by Venus. However, the signifying planets as per the table above for 1st house is Moon, Mars, Ketu and Saturn; for 08th house is Saturn alone; and for badhaka Venus, Jupiter, Saturn, Mercury and Nodes.

As regards the significations of Saturn, who is 08th lord (for longevity), Saturn offers result of house 02, 07, 08 through self and 06, 09, 04, 05, 10, 11, 01 and 03 through Ketu. This is due to the fact Ketu offers result of Jupiter and Mars.

It is not known exactly at what time Pandit Nehru passed away. He had some pain in his back at 6-30 am, and thereafter he collapsed. The news of death as announced in the Parliament at 2-00 pm. From 1-36 pm, the deha period of Saturn (08th lord) ran for Nehru.

Planets of Rahu-Mercury-Moon-Venus-Rahu-Saturn are appearing in the DBASP after 1-36 pm on 27 May 1964. Rahu denotes Jupiter and Mercury. Mercury denotes 03, 12, 04 and Rahu. Venus signifies 04, 11 and Rahu. Moon denotes lagna and Mercury. Saturn denotes 08th house. Hence 01, 08, badhaka, 04, 06 and 12 are appearing mostly. 01, 06, 08 and 12 could be serious health issues with bed-ridden condition. Doctors had attended to Nehru at home, when the Deha of Jupiter (04, 06) operated. Here 04, 06 and 12 are also linked. 04th house is the place where heart is located. 06th house is for disease. So there could be issues with the heart.

The transit chart at 1-36 pm on 27 May 1964 at New Delhi is appended below. This exercise is to arrive at a possible link of transit chart at the time of passing away of Prime Minister with that of the natal chart:

Body	Longitude	Star	P	Signify(*)
Lagna	01 Vi 06' 14"	U. Phalguni	2	-
Sun	12 Ta 48' 03"	Rohini	1	01
Moon	23 Sc 01' 39"	Jyeshtha	2	12
Mars	21 Ar 25' 09"	Bharani	3	04,11
Mercury	18 Ar 01' 32"	Bharani	2	04,11
Jupiter	17 Ar 24' 33"	Bharani	2	04,11
Venus	13 Ge 31' 49"	Ardra	3	12
Saturn	11 Aq 29' 27"	Satabhisha	2	08
Rahu	10 Ge 17' 42"	Ardra	2	12
Ketu	10 Sq 17' 42"	Moola	4	06

(*) Pertinent significations reckoned from natal lagna.

In the transit chart, Moon was in the star of Mercury (Jyeshtha) as similar to what is seen in natal chart (Moon was in Aslesha). Moon was in mutual aspect with Sun. Sun was in Moon's star, who can signify heart. Sun / Moon denote heart. Saturn, who throws obstacles, was aspecting Moon. Mercury denotes nerve system, who is also lord of the 03rd house (nerve system) in the natal chart.

Guru once said that if Rahu is in 12th house, it can cause sudden death.

POLITICS

Houses such as 05, 07, 09, 10 and 11 along with planets Sun, Jupiter and Saturn should give political administrative job. Sun is for Government. Saturn stands for democracy. Jupiter stands for administration. 05th house is for politics. 07th house is for opposite party, audience, etc. 09th house is for kingdom, federal, empire, etc. 10th house is for profession. 11th house is for gains, society, Parliament, etc.

Sun is lord of 02 and occupying 05th house. It is in the star of Jupiter who denotes houses 06 and 09. Thus Sun signifies houses 02, 05, 06 and 09, since it is in the star of Jupiter. Out of the houses required, 05 and 09 along with Jupiter and Sun are covered.

Mars (05) is 10 lord and aspects 10th house. Jupiter signifies 09 and 11. Mars is aspecting Ketu, who is conjunct with Jupiter. So Ketu offers the result of Jupiter and Mars. Jupiter denotes 04, 06, 09 and 11, while Mars denotes 01, 03, 05 and 10. Here 07th house is missing. Please do not worry! Saturn is lord of 07th house and it is in the star of Ketu in Leo (Makha). So Saturn offers result of Mars and Jupiter through Ketu, besides houses 02, 07 and 08. Hence the planets and houses are linked for one to become a politician.

These combinations took native to politics and to become Statesman.

Some of us may say that all these evaluations are post-mortem as the article deals with only past events. They are true too! But unless we conduct a study of the past events, one may not predict the future.

A married man is selfless for himself. But his sole selfishness is his family and is working selflessly for raising it. He sacrifices his life for his family. He works for his family. So when you marry, you become more selfless to become selfish for your family.

SIGNIFICATIONS OF NODES (TABLE – II)

Rahu is conjunct with Saturn and Mars. Jupiter is aspecting Rahu. Rahu is in the sign of Venus (Libra) and star of Rahu itself. Hence Rahu signifies Saturn, Mars, Jupiter and Venus.

Ketu is conjunct with none. It is getting the aspect of Mars and Saturn. It is in Aries and thus signifies Mars. Hence in total Ketu signifies Mars and Saturn

It is felt that fixing a muhurta based on (a) thithi (b) nakshatra (c) vaara, etc. are merely similarly to nursery rhymes and lullaby in Astrology. A muhurta chart should fulfill successfully the purposes, for which the chart is erected.

So what are all the points to be kept in mind while forming a muhurta for C-Section? Many may have different opinions, but considered the following points to be really good for the native:

- 1) Health
- 2) Longevity
- 3) Education
- 4) Job or profession
- 5) Marriage

- 6) Child birth
- 7) Wealth
- 8) House construction
- 9) Foreign travel

HEALTH

When 01st house, 06th house and 08th house are linked one shall be suffering from some serious illness. This is because 01st house denotes self or body of the native. 06th house is house of disease or roga sthana. 08th house, when linked to 06th house, is deciphered as serious nature of disease. As far as the planets are concerned, Saturn denotes disease.

05th house is 12th from 06th house. Hence for recovery of disease, 05th house could be considered. 11th house is for house of gains and hence 11th house can be considered for recovery. Fast moving planets like Moon, Sun, Mercury, Venus and Mars can offer quick recovery. Saturn, Rahu and Ketu transit slowly and hence recovery can be slow. 01st house denotes body. Hence when a period of 01, 05 and 11 operates, one can get recovery.

Lagna

In the chart under discussion, it was fixed in such a way that lagna lord Mercury is placed in 05th house, which is the house of recovery and happiness. Hence native should be free from disease and should be happily disposed.

As per the Table-IV above, Mercury alone signifies lagna and it is disposed in 05th house. Mercury is placed in the nakshatra of Dhanishta, ruled by Mars. Mars is lord of houses 03 and 08 and it

is placed in 02nd house. Mars is placed in own star in Chitra. Hence Mars shall be strong. Since the star lord of Mercury is strong, Mercury, being lagna lord shall also be stronger. Hence it is concluded that the lagna lord is strong. So is native, physically.

06th House

Now let us go to 06th house. As per Table – IV above, the planets signifying 06th house are Saturn, Sun, Venus, Jupiter and Nodes. None of these planets do signify 01st house. Lagna lord Mercury does not signify 06th house too. Hence it is established beyond doubt that there is no link between houses 01 (self or body) and 06 (roga). Hence the native shall be free from diseases.

08th house

Since there is no link between ~~houses~~ houses 01 & 06, and therefore 08th house is not required to be considered for serious nature of diseases, since there are no major diseases.

05th house (Recovery)

As per Table - IV above, planets signify 05th house are Saturn, Mercury, Jupiter, Sun and Nodes. All these planets do signify 06th house too, except Mercury. Hence there is link between houses 05 and 06 for these planets, but not to lagna. Hence the native cannot be afflicted by diseases.

In view of the above analysis, the health factors of the native are taken care before fixing the muhurta for C-Section.

11th house

Since lagna lord is strongly placed in 05th house, the significance of 11th house is not mulled over.

LONGEVITY

How shall we decipher the longevity, which is the most important point in horoscope?

The sages and savants have divided longevity into 5 categories viz:

- | | |
|---|------------------------|
| 01) Balarishta or infant mortality | -- upto 08 years old. |
| 02) Alpa aayu or short life | -- 08 to 33 years old. |
| 03) Madhya aayu or medium life | -- 33 to 66 years old. |
| 04) Purna aayu or full longevity | -- 66 to 99 years old. |
| 05) Aparimita aayu or unlimited longevity | -- > 99 years old. |

As far as the longevity is considered, let us judge the good and bad aspects:

- a) Houses 06, 08 and 12 are dush sthana.
- b) Badhaka for all chara lagna is 11; sthira lagna – 09th house and dual signs – 07. Badhaka houses are detrimental for longevity.
- c) 01 and 08th house are considered for longevity.
- d) Good houses for longevity are 01, 03, 05, 08, 09, 10 and 11. Houses 09 and 11 are badhaka for sthira and chara lagna respectively. Houses 01, 05, 09 are good for

longevity. 03 and 10 are progressive houses, which are good for longevity.

- e) Houses 06, 08, 12 are dush sthana, but they alone cannot be considered as bad house for longevity.
- f) 02 and 07 are maraka houses, which are considered negative houses for longevity. But in effect role of 02 or 07 are not seen in death. But for all dual signs 07th house is badhaka, which can cause longevity issues.

Now, as regards deciphering the longevity in this chart is concerned, the following points may be watched:

- a) Planet signifying Lagna is Mercury only.
- b) Planes signify 08th house are Mars, Mercury, Jupiter, Sun and Nodes.
- c) Planets signifying badhaka house (07th house for all dual lagna) is Jupiter, Saturn, Sun and Nodes.
- d) Mercury is signifying 01, 05 and 08 besides 02 and 03. Although 02nd house, which is considered as badhaka is appearing here, it is not considered as dangerous house for death. Besides lagna lord Mercury is in the star of Mars, while Mars (02, 03, 08) is in own star. Hence the longevity from the point of view of Mars or Mercury is quite favourable.
- e) Of course Jupiter is lord of 07th house, which is badhaka, which is dangerous for longevity. 07th house is also

deciphered as maraca house, but maraca houses are not literally causing death for native without the assistance of badhaka house.

- f) Jupiter denotes 08th house through Rahu. Hence Jupiter shall be detrimental. But Jupiter is occupant of 10th house. A planet which occupies "X" house, shall offer more result of that house than its lordship houses. Hence Jupiter is lord of 04 and 07, but occupies 10th house. Hence Jupiter offers more result of 10th house.
- g) Further, planet also offers more result of its star lord. Jupiter is placed in the star of Rahu (Arudra) in Gemini. Hence Jupiter offers more result of Rahu. Rahu denotes 08th house through Mars. So is Jupiter, who is badhaka. But Rahu is in own star in Swati and is conjunct with Mars. Mars is lord of 03 and 08, which are good houses for longevity. Hence the significance of Jupiter offering badhaka result is lesser.
- h) In view of all the above factors, native shall live upto purna aayu or full longevity of 66—99 range.

If so, when shall death arrive? Let us analyse!!

Ruling planets

Now the time at Hyderabad is 07-09 a.m. on 29 Sep 2016 (Thursday). The planetary positions for this time and place are given below:

Body	Longitude	Star	P
Lagna	26 Vir 08'	Chitra	1
Sun	12 Vir 21'	Hasta	1
Moon	20 Leo 31'	Purv. Phalgun	3
Mars	07 Sag 08'	Moola	3
Mercury	24 Leo 31'	Purv. Phalgun	4
Jupiter	10 Vir 14'	Hasta	1
Venus	12 Lib 39'	Swati	2
Saturn	17 Sco 29'	Jyeshtha	1
Rahu	17 Leo 12'	Purv. Phalgu	2
Ketu	17 Aqu 12'	Satabhisha	4

The ruling planets are taken from the above time of judgement chart, which are as follow:

- 01) Lagna star lord : Mars
- 02) Lagna sign lord : Mercury
- 03) Moon star lord : Venus
- 04) Moon sign lord : Sun
- 05) Day lord : Jupiter

Why ruling planets (RP) are required? In order to predict a specific event, Astrologers depend on three-way analysis such as (a) natal / horary chart (b) DBAS running (c) Transit.

But in order to arrive at the correct DBAS and transit, Astrologers are required to consider the ruling planets at the time of judgement of the chart.

At the time of judgement of this chart with regard to longevity, the ruling planets are Mars, Mercury, Venus, Sun and Jupiter. The

VMD of Venus and Sun gets over at young age. Hence they are ruled out. Remaining RP planets are Mercury, Mars and Jupiter.

The native shall be running the VMD of Rahu from 49th year and Jupiter from 75th year as given below:

VMD Planets	From To	No. of years at the end of each VMD
Rahu	2045-09-05 - 2063-09-06	49y, 06m, 10d
Jupiter	2063-09-06 - 2079-09-06	65y, 06m, 10d

Why only the VMD of Rahu and Jupiter are considered? The aayu considered is that of 66-99 range. Rahu VMD ends at the age of 49 years. But can Rahu give death? I do not think so. Why? Rahu is in own star and denotes Mars, Saturn, Venus and Jupiter. It is agreed Jupiter is badhaka lord, but it offers more of 10th house and 02nd house results. Rahu offers more of Mars and Saturn results, as it is conjoined with them.

Saturn is not in the Ruling planets. Mars is definitely in the Ruling planets (RP), but it cannot offer death as it signifies 02, 03 and 08. Hence dasha of Rahu is ruled out, and taken VMD of Jupiter. Today is Thursday. VMD of Jupiter (badhaka lord) commences at the age of 65 years. 08th lord is Mars. Bhukti of Mars shall arrive in 2076. Mercury is lagna lord, who is in the RP. Antara of Mercury arrives in October 2076. This could be the end period for the native.

Once the longevity is ensured, next topic shall be Education.

EDUCATION

Education is the most important aspect in one's life. So will the child have education? As far as education is concerned, one could take houses 04 and 09. 11th house is for gains or fulfillment of desires. 06th house denotes success over opponent. Mercury and Jupiter are the karaka planets for education. Saturn and Ketu can spoil education, while houses 03, 05, 08 and 12 are negating houses for education. Let us see the aspects of Education using the following table, which is extracted from Table-IV above.

Houses	(A)*	(B)*	(C)*	(D)*	(E)*	(F)*
04	Ju	Sa	Ve, Mo	Mo	Ra, Ke	Ju, Su, Ra, Ke
06	Sa	--	Su	Ve	Ra, Ke	Ju, Su, Ra, Ke
09	Ve	Mo	--	--	Ra	Ju, Su, Ra
11	Mo	--	--	--	--	--

Planets signify 04 and 09 are Jupiter, Venus, Saturn, Moon, Sun, Rahu and Ketu. Of course, Saturn and Ketu are linked to these houses. So, can they spoil the education?

Dasha at birth is that of Venus. Succeeding dasha shall be of Sun and Moon respectively. Moon VMD ends at 25th year, by which time, education shall be completed. More over 09th lord Venus and 11th lord Moon, who signifies 09th lord Venus, are conjoined in 04th house. Jupiter, karaka for education, is the 4th lord, and is in 10th house and is aspecting these planets. Mercury is another karaka for education. Mercury is in 05th house. It is in an earthy sign. Mercury is not considered weak, if not so strong for education. Moon signifies 04, 09 and 11. Moon is karaka for mind. Next VMD shall be of Sun. Sun is lord of 12th house!! But Sun can offer education. How? Please see that 09th lord Venus is placed in 04th house and it is in the star of Sun. So when the

Dasha of Sun operates, Venus also gets activated. Indeed Sun occupies 06th house.

These points are favourable for education. Hence native is destined to have good education.

JOB OR PROFESSION

Once education is completed, next shall issue shall be that of profession.

10th house is for profession or karma or one's deeds. 06th house is for daily service. 02nd house denotes money, while 11th house is for gains. Jupiter and Venus are good for earning well when linked to these houses.

In this case planets signify 06th house are Saturn, Sun, Venus, Rahu, Ketu and Jupiter. Planets signify 10th house are Mercury, Jupiter, Saturn, Rahu and Ketu. Houses 02 and 11 are support monetary aspects arriving out of the job.

Native shall have job during the period or sub period of the planets signify the above houses.

Marriage

First of all, will marriage take place? Let us check. If 07th house is weak and it is linked to 06 and 12 along with Saturn, Ketu and Barren signs, marriage shall be denied. Or else marriage shall take place. Normally houses 02, 07 and 11 are considered for marriage. 02 is for addition of a member or family. 07 is for legal marriage, while 11th is for gains.

07th lord is Jupiter. Saturn is in the star of Jupiter in 02nd house. Nodes are linked to Saturn. Jupiter and Sun are in the stars of Rahu. Hence the planets signify 07th house are Jupiter, Saturn, Nodes and Sun.

Of course, Saturn is lord of 06th house. But it is occupying 2nd house and its star lord Jupiter is in 10th house. Hence Saturn offers more results of 02 and 10. So is Rahu. But Rahu offers result of 08th house also through Mars. But Mars offers more result of 02nd house, since it is occupying 02nd house and it is in own star.

12th lord is Sun. It signifies Rahu. So Sun signifies 07, 06 and 12th house. But Sun offers more results of houses 06 and 02 since it is occupying 06th house and its star lord Rahu is in 02nd house.

So, marriage shall take place ~~for~~ the native, and although there are negative connections, by virtue of significations of Jupiter, it is not predicted to have disturbed marriage like divorce, separation, quarrels, etc.

Timing of the marriage

Marriage shall take place when the period of the signifying planets of houses 01 (self), 02 (family), 03 (father-in-law), 05 (romance), 07 (marriage or spouse), 08 (mangalya, application of internal organs), 10 (mother-in-law), and 12 (sleep).

So, when shall the marriage take place? At the time of judgement of this topic of marriage, on Nov 20, 2016 at 7-59 a.m., lagna is in Scorpio at 24 deg. in Jyeshtha star. Moon is in Cancer at 19 deg.

in Aslesha star. Day lord is Sun. Hence the Ruling planets shall be Mars, Moon, Mercury and Sun.

The person was born in February 2014 with balance VMD of Venus upto September 2022, i.e., upto 08 years 07 months. Next VMD upto 14 years shall be that of Sun; upto 24 years, it shall be of Moon.

Marriage in Venus and Sun VMD is ruled out. Next VMD is Moon. Moon is appearing in the ruling planets. It is lord of 11 and signifies 02, 04 and 09. It is getting the aspect of Saturn. Hence it is felt Moon may not confer marriage. Next VMD is that of Mars. Mars is appearing in the Ruling planets. It is lord of 03 and 08 and denotes 02nd house. It is conjoined with Rahu, who denotes other body. Mars VMD commences in 2038 at the age of 24 years. During this period 07th lord Jupiter shall be transiting in the star Aslesha in Cancer. ~~Mercury~~ Mercury denotes 01, 10, 05, 04, 03, 08 and 02 houses through self and Mars. So transit of Jupiter in Cancer in Aslesha star is critical period for marriage. Mercury is strongly connected to the Ruling planets. So, I presume this period shall see the marriage for this kid.

Child birth

After marriage, the next event shall be begetting progeny. Shall child birth take place? If 05th house is weak and linked to 04 / 06 / 12, Saturn, Ketu and barren signs, one may not have children. Or else chart offers child birth. But one should watch the DBAS running during young age.

Here, the planets signify 05th house are Saturn, Rahu, Ketu, Mercury, Sun and Jupiter. Only Jupiter is in barren sign. Jupiter

may not be very strong for child birth. But Rahu, Mars, Mercury and Saturn are strong to offer child birth. Sun signifies 06 and 12. But its star lord Rahu is stronger. Saturn and Ketu are linked along with 08th house too. Hence there could be slight issues with some of eggs produced may become rotten. But Mercury and Mars are stronger. Child birth is promised by virtue of these.

So when the child birth shall take place? Marriage was promised in Mars VMD. Mars does not signify 05th house!! But Mercury is in the star of Mars is occupying 05th house. Hence Dasha of Mars promises child birth, since Mars will get it done through Mercury.

House construction

House is seen from 04th house. Many astrologers treat Mars as karaka or causative planet for house construction. However, if one wants to invest into a house, the period of 04 and 12 should operate, since 12th house dictates investment or issuance of cheque, etc. 12th house is also for sleeping, a home is also used for sleeping. 11th house is for fulfillment of one's desires.

07th house is for opposite party, while 08th house is the money of the opposite party. 02nd house is the money of the native. 02nd house denotes family and home is to house family. 06th house is loan and planet Jupiter is the karaka for money. Mercury denotes dual houses along with dual signs. If one is having 04th house linked to 03 and 06, one may have a home conjoined with neighbor, say similar to apartments. If the 04th house is independent and not linked to 03 and 06, one can have an independent house. If one buys a home, then 07 and 10 should indicate. 10th house shall be 04th (home or land) from 07 (opposite party). If a used house (second sale) is bought, then Saturn

should be in the picture. For large house, Jupiter shall be the karaka, while well-furnished home shall be signified by Venus.

Now, has the chart mentioned above got the combination to own a home? Let us check!!

Houses	(A)*	(B)*	(C)*	(D)*	(E)*	(F)*
02	Ve	Mo	Sa, Ma, Ra	Ma, Me Ju, Ra, Su	Ra, Ke	Ju, Su, Ra, Ke
04	Ju	Sa	Ve, Mo	Mo	Ra, Ke	Ju, Su, Ra, Ke
06	Sa	--	Su	Ve	Ra, Ke	Ju, Su, Ra, Ke
07	Ju	Sa	--	--	Ra, Ke	Ju, Su, Ra, Ke
08	Ma	Ma, Me	Ke	Ke	Ra, Ke	Ju, Su, Ra, Ke
10	Me	--	Ju	Sa	Ra, Ke	Ju, Su, Ra, Ke
12	Su	Ve	--	--	Ra	Ju, Su, Ra

The judgement time for owning house is as given below:

Date:	November 22, 2016
Time:	12:53:48 pm
Place:	Hyderabad 78E28', 17N23'
Vedic Wkdy	Tuesday (Ma)
Nakshatra:	Poorva Phalguni (Ve)

The lagna is at Rahu star Satabhisha in Aquarius. Moon is in the star of Purva Phalguni in Leo. Day lord is Mars. Hence the ruling planets (RP) are **Saturn, Rahu, Venus, Sun and Mars**. The

owning of the home shall be directed and dictated by these planets in the life of the native.

Venus is signifying houses 04 and 12 as per table mentioned above. Mercury is lord of 01 and 10 and it denotes Mars. Rahu denotes Jupiter, who is lord of the 04th house. They are appearing in the Ruling planets.

Rahu has got in its star 04th lord Jupiter and 12th lord Sun. Sun denotes 02 and 06th house too, while Jupiter denotes 02, 07 and 10 too.

Native shall run Venus-Mercury VMD from Sept. 2018. Dasha lord Venus denotes houses 02, 04 and 09. 02nd house is for money. 04th house is for home and 09 is for father. Bhukti lord Mercury (01 and 10) is in the star of karaka Mars. Antara of Sun (02, 06 and 12) shall commence in Sept 2019. Sun is in RP and also its star lord Rahu too. During this period the parents should go in for a home for native.

Foreign travel

Foreign travel is signified by a combination of 03, 09 and 12. 03rd house denotes negation to 04th house (home, homeland). 03rd house also signifies short journey. 09th house is for foreign, while 12th house is for foreign residency, unknown place, etc. Houses 04, 08 and 11 shall obstruct for one to go in for abroad. Rahu denotes foreign. Mercury is lord of 03rd house from Natural zodiac, viz. Aries is assumed to be first house, while Jupiter denotes 09 and 12, i.e., lord of Sagittarius and Pisces.

In this chart, Rahu denotes Sun (12), Venus (09) and Mars (03). But Venus is occupant of 04th house. It will offer the result of more of 04th house. So the current dasha of Venus is ruled out. It signifies more of mother, home and education. Next dasha is of Sun. Sun is occupant of 06th house and denotes Rahu. Next dasha is of Mars and followed by Moon. Mars denotes houses 02, 03 and 08. Moon denotes more of 04th house. Next dasha shall be Rahu, which can take native abroad. Rahu denotes Venus (09), Mars (03), while Sun (12) is in the star of Rahu in Aquarius.

WEALTH

The following table indicates the wealth factors or loss thereof for the native:

Houses	(A)*	(B)*	(C)*	(D)*	(E)*	(F)*
02	Ve	Mo	Sa, Ma Ra	Ma, Me Ju, Ra, Su	Ra, Ke	Ju, Su, Ra, Ke
05	Sa	--	Me	--	Ra, Ke	Ju, Su, Ra, Ke
06	Sa	--	Su	Ve	Ra, Ke	Ju, Su, Ra, Ke
07	Ju	Sa	--	--	Ra, Ke	Ju, Su, Ra, Ke
09	Ve	Mo	--	--	Ra	Ju, Su, Ra
10	Me	--	Ju	Sa	Ra, Ke	Ju, Su, Ra, Ke
11	Mo	--	--	--	--	--
12	Su	Ve	--	--	Ra	Ju, Su, Ra

- 1) 02, 06, 10 and 11 are considered for wealth. 02, 06 and 10 are ardha (finance) houses, while 11th is for gains. 02nd house is for money, bank balance, etc. 06th house is

labour, hard work, and loss to opposite party, etc. 10th is for one's karma or deeds.

- 2) Venus is the planet of wealth, being lord of the 02nd house from Aries. Jupiter is the karaka for wealth.
- 3) 02, 07 and 11 are considered for wealth through marriage or after marriage.
- 4) If a single planet signifies 02 and 11, it shall be good for wealth.
- 5) If there is a link between 02, 05 and 11, money could come with luck. If Rahu is connected here, money could be unscrupulous.
- 6) 09th house stands for ~~pro~~providential help and traditional Astrologers treat it as bhagya sthana or house of fortune.
- 7) Pars Fortuna or punya saham is considered good for wealth, if linked to 02 and 11.
- 8) 12th house is for loss. 08th house is money of the opposite party. Hence 08 and 12 are not favoured for wealth. A combination of Saturn and Ketu does not favour for wealth.

Now as far as wealth of the native is concerned, the following points may be noted:

- a) First ardha house is 02nd house. Planets signify 02nd house are Sun, Moon, Mars, Mercury, Jupiter, Venus, Saturn, Rahu and Ketu. This means all the 09 planets do signify

02nd house. There shall be great wealth for the native to the tune of Crores.

- b) Second ardha house is 06th house. Planets signify 06th house is Sun, Jupiter, Venus, Saturn, Rahu and Ketu.
 - c) Third ardha house is 10th house. Planets signify 10th house are Sun, Mercury, Jupiter, Saturn, Rahu and Ketu.
 - d) 11th house is for gains. Planets signify 11th house is only Moon, who signify 02nd house through Venus too. This is really good.
 - e) The karaka planets Jupiter and Venus are involved. Jupiter is aspecting Venus (02nd lord). Both these planets are in dual signs.
- 
- f) The native shall be owner of wealth in Crores as per Indian terms.
 - g) Dasha of Moon, Mars, Rahu and Jupiter are quite favourable for earning wealth.

DNA OF FATHER

The father of the girl had VMD of Mars-Rahu-Venus-Jupiter-Mercury at the time of birth of the native. The native's father was born on 03 Dec. 1977 at 6:49 p.m., Kolkata. Father has Gemini lagna with Jupiter is in lagna and Moon in Leo in Purva Phalguni star. One could see that the lagna lord of native and her father is Mercury (Gemini and Virgo respectively). The nakshatra lord of Moon of native and her father is Venus (Purva Phalguni and Purva

Ashada). One could also see that Jupiter, who is putra karaka and also denote year of the event, is in Gemini in both charts. Hence it should be concluded that when Jupiter returned to its natal position, the father was blessed with child.

At the time of birth of the native, father had in the DBA Venus and Mercury, who appear as Moon star lord and lagna lord for the native. Hence the DNA aspects between father and child are taken care.

RETROGRADE PLANETS

A retrograde planet may make to cause "out of control" in the significations offered by that planet. In this case, lagna and 10th lord Mercury is retrograde in 05th house. This means that the native shall have a mind and thinking of own, which may look unconventional or the person ~~may~~ not oblige others. Since 05th house is also linked, the thoughts of the native may not agree with that of others. The children may not be totally under the control of the native.

Jupiter is also is retrograde and thus denotes 04, 07 and 10 houses predominantly. Native may not get control over mother, spouse and profession. But these things are quite normal in many horoscopes as planets do get retrograde on and off.

EXALTATION & DEBILITATION

Exaltation or debilitation may not make much difference in natal chart. But it is seen if the lagna lord is exalted, one is so egoistic. In this chart, Saturn is in exaltation position. Saturn is lord of the 05th and 06th house and occupies 02nd house. One may be

egoistic in service and money matters including family issues. Child born to the native may be egoistic.

PLANETS IN KETU STARS

Planets placed in the star of Ketu viz. Ashwini, Makha or Moola shall offer lesser materialistic effects or may take native to charity. In this chart, luckily only Ketu is in Ashwini. Hence Ketu shall not have much non-materialistic influence on the native.

PLANETS IN MERCURY STARS

All the stars of Mercury, who promotes, hearing, understanding, calculative abilities and intelligence, got all its stars in Watery signs. Aslesha, Jyeshtha and Revati are in the watery signs viz. Cancer, Scorpio and Pisces. Watery signs are not good for these significations. Mercury and  airy signs are good for these significations. Luckily there are no planets in watery signs in this chart. 3rd lord Mars is in 02nd house, while lagna lord Mercury is in 05th house and signifies 02nd house (airy sign—Libra) through Mars. Hence these significations are quite good for the native.

LINK BETWEEN MOON AND MERCURY

If there is link between Moon and Mercury, it can cause bipolar disorder for the native. Luckily this combination has been avoided in this chart by selecting a specific day for C-section muhurta.

PLANETS IN OWN STAR

A planet in own star shall be strong to offer the significations it represents. In this case, Mars and Rahu are in own star. Planet placed in the star of Mars is Mercury. Rahu is conjunct with Mars.

Planets placed in the stars of Rahu are Jupiter, Rahu and Sun. Hence these planets also become stronger. So, the native shall do well in the significations offered by these planets.

Overall the C-section muhurta chart erected looks good for all the significations mentioned above for the native. It is also a fact that students of Astrology should realize that a muhurta is fixed just by looking at Panchanga viz. Nakshatra, Vaara, thithi, yoga, Karana or Kuja dosha, etc.

BIRTH TIME RECTIFICATION

What is birth time rectification (BTR)? This is required for correcting birth time in order to arrive at the correct birth time. Since most of the birth times reported shall be either assumed or approximate or in some cases exact time of birth is not available.

There are many methods practiced. The best one shall be by adopting the ruling planets at the time of judgement. Why? Because gurus say that planets ruling at the time of birth and planets ruling at the time of judgement are one and the same, but order may vary.

Now what are ruling planets? The ruling planets are taken from the above time of judgement of a particular chart, which are as follow:

- 01) Lagna star lord,
- 02) Lagna sign lord
- 03) Moon star lord
- 04) Moon sign lord
- 05) Day lord

A student of me called me up from UK, and wanted to study the horoscope of UK Parliamentarian Jo Cox. MP Jo Cox was born on 22 June 1974, Batley, United Kingdom, who was unfortunately stabbed and shot to death on 16 June 2016. The planetary positions at 6-00 a.m., on 22 June 1974 are given below:

Body	Longitude	Star	P
Lagna	22 Ge 50' 30"	Puna	1
Sun	07 Ge 00' 34"	Ardr	1
Moon	05 Cn 02' 14"	Push	1
Mars	14 Cn 40' 10"	Push	4
Mercury (R)	19 Ge 34' 22"	Ardr	4
Jupiter	24 Aq 04' 36"	PBha	2
Venus	02 Ta 08' 41"	Krit	2
Saturn	13 Ge 50' 53"	Ardr	3
Rahu	25 Sc 23' 49"	Jye	3
Ketu	25 Ta 23' 49"	Mrig	1

The exact time of birth of the person was not known. Hence taken the chart at 6-00 a.m. for the native, as per chart below:

		Ve Ke	As Me Sa Su	AP 1				
Ju			Ma Mo					
	Ra							

In a day, there can be 12 lagna or ascending signs. The lagna starts at Sun rise where Sun is posited on any given day. The lagna transits into the next sign at approximately per two hours. (12 signs x 02 hours = 24 hours).

The positions of all the 27 constellations considered in Indian Astrology are appended below:

Revathi 1,2,3,4 U. Bhadra 1,2,3,4 P. Bhadra 4 PIS (MEENA)	Aswini 1,2,3,4 Bharni 1,2,3,4 Krithika 1 ARI (MESHA)	Kritika 2,3,4 Rohin 1,2,3,4 Mrigshir 1,2 TAU(VRISHABH)	Mrigshira 3,4 Arudra 1,2,3,4 Punarvas 1,2,3 GEM (MITHUNA)
P. Bhadra 1,2,3 Satabish 1,2,3,4 Dhanishta 3,4 AQU (KUMBHA)	Zodiac and Nakshatras (pada wise)		Punarvasu 4 Pushya 1,2,3,4 Aslesha 1,2,3,4 CAN (KATAK)
Dhanishta 1,2 Shravana 1,2,3,4 U.Ashada 2,3,4 CAP (MAKARA)			Makha 1,2,3,4 Pubba 1,2,3,4 Uthra 1 LEO (SIMHA)

The following table shows the lord of each house in the zodiac:

Sl. No.	Sign	Sign lord
01	Aries (Mesha)	Mars (Mangal)
02	Taurus (Vrishabha)	Venus (Shukra)
03	Gemini (Mithuna)	Mercury (Budha)
04	Cancer (Katak)	Moon (Chandra)
05	Leo (Simha)	Sun (Ravi)
06	Virgo (Kanya)	Mercury (Budha)
07	Libra (Tula)	Venus (Shukra)
08	Scorpio (Vrishchika)	Mars (Mangal)
09	Sagittarius (Dhanu)	Jupiter (Guru)
10	Capricorn (Makara)	Saturn (Shani)
11	Aquarius (Kumbha)	Saturn (Shani)
12	Pisces (Meena)	Jupiter (Guru)

The following table shows the lord of each constellation:

Sl. No.	Constellations	Star lord
01	Ashwini-Makha-Moola	Ketu
02	Bharani-Purva-Purva Ashada	Venus
03	Krithika-Uthara-Uthara Ashada	Sun
04	Rohini-Hastha-Shravana	Moon
05	Mrigashira-Chitra-Dhanishta	Mars
06	Arudra-Swati-Satabhisha	Rahu
07	Punarvasu-Visakha-Purva Bhadra	Jupiter
08	Pushya-Anuradha-Uthara Bhadra	Saturn
09	Aslesha-Jyeshta-Revati	Mercury

So we decided to depend upon the ruling planet. The time of judgement was as given below:

Date: 21 June 2016
 Time: 1:20:00 pm 
 Time Zone: 1:00:00 (East of GMT)
 Place: London, UK, 0W07', 51N30'
 Nakshatra: Poorvashadha (Ve)
 Ayanamsa: 23-59-26.01

I was in Hyderabad, while the person called me was in London. So, as per the desire of the student, the London time is considered as given above.

Thus, the ruling planets at the time of judgement shall be:

- 01) Lagna star lord : Sun
- 02) Lagna sign lord : Mercury
- 03) Moon star lord : Venus
- 04) Moon sign lord : Jupiter

05) Day lord : Mars

Each sign has got 2¼ constellations. In Gemini from where lagna commences at 6-00 a.m. has got constellations Mrigashira, Arudra and Punarvasu which are ruled by Mars, Rahu and Jupiter respectively. Of course, for all the signs and constellations, students may refer the tables above.

The ruling planets at the time of judgement are Sun, Mercury, Venus, Jupiter and Mars.

In order to arrive at the lagna the following methods are considered:

- a) Leo is ruled by Sun.
- b) Gemini and Virgo are ruled by Mercury.
- c) Taurus and Libra are ruled by Venus.
- d) Sagittarius and Pisces are ruled by Jupiter.
- e) Scorpio and Aries are ruled by Mars.
- f) So the lagna could be any of these signs.
- g) Other signs like Cancer, Capricorn and Aquarius since its rulers Moon and Saturn are not in the Ruling planets. Hence they have not been considered.

Now, in order to arrive at the star lord of the lagna, the following methods are considered:

- a) If Leo is the lagna, Venus star Purva is available in Leo. Hence Leo could be Ascending sign (lagna).
- b) If Gemin is lagna, Jupiter star Punarvasu is available in Gemini, a sign ruled by Mercury. Hence Gemini is also could be Ascending sign (lagna).

- c) If Virgo is the Lagna since Mercury-Mars are in the Ruling Planets. Mars star Chitra is available in Virgo.
- d) If Libra is the lagna, a sign ruled by Venus, Jupiter star Visakha is also present. Mars star Chitra is present in Libra.
- e) If Scorpio (Mars) is the lagna, it has got Jupiter star Visakha.
- f) Sagittarius (Jupiter) has got Venus star.
- g) Aries (Mars) has got Venus star.
- h) Taurus (Venus) has got Sun and Mars stars.

This could be confusing exercise. But just check at the transit chart!! Lagna is in Jupiter star (Punarvasu) and Moon is in Venus star (Purva Ashada) in Jupiter ~~star~~ (Sagittarius). So, it is felt that Jupiter and Venus are prominent in the natal chart.

Pruning down to the lagna star, Libra (Venus) has got Jupiter star Visaskha. Sagittarius (Jupiter) has got Venus star Purva Ashada. The due is that the lagna could be any of these two, since there is no Venus star or Jupiter star in Pisces or Taurus. Although Mars and Jupiter (Scorpio and Visakhar star 04th pada) or Mars and Venus (Aries and Bharani star) are available in the Ruling Planets, opted for Libra or Sagittarius are lagna.

Now we will have to go in for some life events, probably such as:

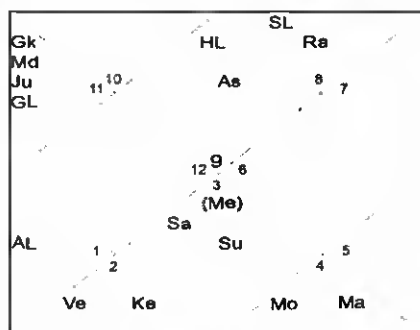

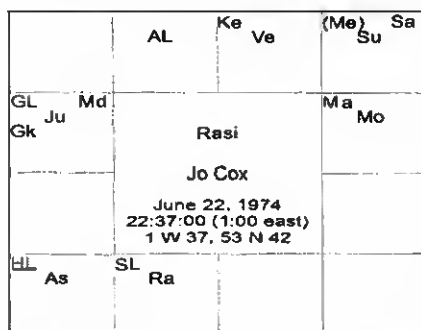

- 1) Joe Cox is a politician, and she was murdered on 16 June 2016.

- 2) Hence, assuming that lagna is in Libra, 01 and 08th lord Venus. It is in the star of Sun, who is badhaka. But Sun occupies 09th house, which is a punya house. Punya house contributes favourably for longevity.
- 3) Besides, Ketu occupies 08th house and it is in the constellation of Mars (Mrigashira), while Mars occupies 10th house. 10th house contributes favourably for longevity.
- 4) Under these two conditions longevity of Jo Cox is not threatened. But we know she was murdered.
- 5) Hence let us go in for Sagittarius. If Sagittarius is lagna, then 08th has got Mars and Moon. So 08th lord Moon is in own house. Traditionally speaking, Moon should offer good longevity. But Moon is in the star of Saturn, who occupies badhaka house (07). As far as Mars is concerned, it is lord of ~~05~~ 06, which is a punya house. But Mars is also in the star of Saturn. Hence Moon and Mars are not favorable for longevity. It appears there is some clue here.
- 6) If 08 and 12 are linked, one may not care for the life. 12th lord Mars is in 08th house. This is a point to be noted.
- 7) If one is having interest in Politics, Sun should signify 05th house. 05th house itself stands for politics. Sun is occupant of 07th house and lord of 09th house. It is in the star of Rahu, while Rahu denotes 05th house through Mars. Mars is in Scorpio and it can squarely represent Mars.
- 8) Rahu is occupant of 12th house and this can cause sudden death.

- 9) It is, therefore, possible that Jo Cox was born with lagna in Jupiter Sign (Sagittarius), Venus (Purva Ashada).

The corrected birth time was arrived at around 22-37 hours on 22 June 1974 at Batley, UK. The chart is appended below:

Jo Cox was stabbed and shot at around 1-00 p.m. BST on 16 Jun 2016 during her VMD of Venus-Mercury-Mercury-Venus-Ketu-Sun.

The rule for murder is that if the 08th house is weak and linked to 01, 06, 08 and badhaka along with Saturn and Mars, one shall die by a weapon.

Under the rectified chart, 08th lord Moon is in own house, but unfortunately it is linked to badhaka house. Also, Mars who is occupant of 08th house is also linked to Saturn, who is badhaka (07) occupant. Under these conductions, length of the life is under threat.

This does not mean someone is murdered. How? The lagna lord Jupiter is in own star in Aquarius. It is getting the aspect of Mars. Mars denotes 08 and badhaka, while Ketu is in the star of Mars in 06th house.

The Dasha and sookshma lord is Venus, who is lord of 06th house. Bhukti and Antara lord is Mercury, who denotes 07 (badhaka). Prana lord Ketu denotes Mars (07 and 08) and also Venus. Deha lord Sun denotes 07th house and 12. It is in the star of Rahu, who occupies 12th house. The position of Rahu in 12th can cause sudden death. Now where is the lagna lord? The answer is simple. Just glance at the transit chart at the time of murder of the native:

Body	Longitude	Star	P
Lagna	02 Vi 31' 52"	UPha	2
Sun	01 Ge 46' 46"	Mrig	3
Moon	17 Li 13' 42"	Swat	4

Saturn (R)	18 Sc 09' 28"	Jye	1
Rahu	22 Le 44' 56"	PPha	3
Ketu	22 Aq 44' 56"	PBha	1

One could see that the lagna lord Jupiter is placed in the star of dasha lord.

Transit Saturn is in the constellation of badhaka Mercury and unfortunately it is conjoined with Mars in Scorpio.

One should watch the combination or proximity between Mars and Saturn involving houses 06, 08 or badhaka in charts. They are capable of causing severe damage or fatal issues.

This way birth time rectification can be done for a native, whose exact birth time is not known.

Sir

So happy to receive a lone response, especially from u. i shall work out one and send it u. the concept is houses 10 and 04. 10th house is for ruling party and 04th house is for opposition. Both lack planetary strength and linked to Saturn. Under these conditions both shall not get majority.

When the results were declared, the following was the situation with reference to number of seats won:

Total seats	87
Bharatiya Janata Party (BJP)	25
Communist Party of India-Marxist (CPI-M)	01
Indian National Congress (Cong)	12
Jammu & Kashmir National Conference (NC)	15
Jammu & Kashmir Peoples Democratic Party (PDP)	28
Jammu & Kashmir People Conference (JKPC)	02
Jammu & Kashmir People Democratic Front (PDF-S)	01
Independent (Ind.)	03

This indicates that NC and Congress together could get 27 sets, whereas half-way mark is 44. PDP became the largest party with 28 seats, while BJP got 25 seats.

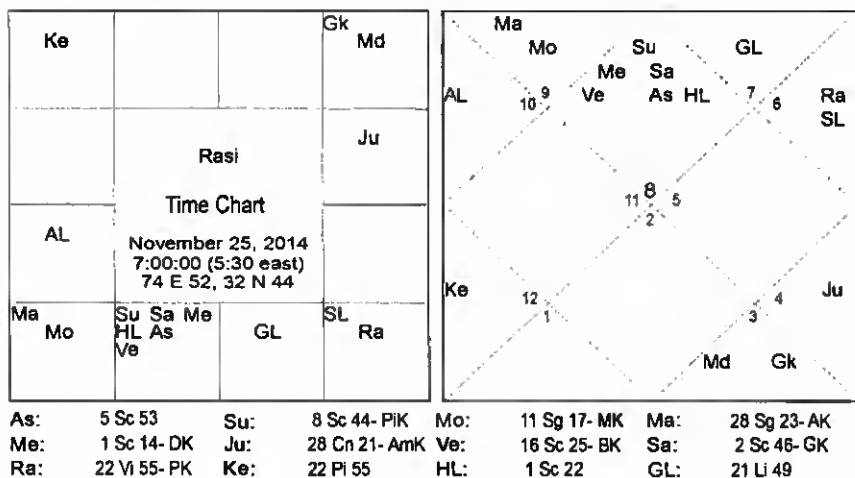

So, none of the parties or coalition got majority of 51% as per the democratic process followed in India.

How? Let us check the chart taken out for the time of beginning of casting the vote, viz. 25 Nov 2014 at 07-00 a.m., Jammu.

The following points could be considered for evaluation:

01) 10th house is Leo and 04th house is Aquarius. 10th house is for success of the Ruling Party. 07th house is considered as opposite party. 04th house shall be the 10th house of opposite party. So, let us concentrate on these houses.

02) Now let us take the signifying planets of these houses:

- a) Lagna is rising in Scorpio. So, the 10th house is Leo, ruled by Sun. Planet placed in stars of Sun (Uthara Ashada) is only Mars. Mars is aspecting Ketu. Moon is in the star of Ketu. Hence the signifying planets for 10th house are Sun, Mars, Ketu and Moon.
- b) 04th house is ruled by Saturn. Sun and Venus are in the star of Saturn. No Nodes signify these planets. Hence 04th house is signified by Saturn, Sun and Venus.

- c) Sun and Saturn signify 03rd house from lagna. Saturn signify 03rd house from 07th house through Jupiter. 03rd house is for younger co-borns or considered as lesser in achievements.
- d) Jupiter is in the star of Mercury, while Mercury is in the star of Jupiter. Mercury can offer dual results, viz. people voting for either side. Jupiter denotes 08th house from lagna and 03rd house from 07th house. 08th house denotes lack of support. 03rd house is for lesser in achievements.
- e) Saturn is lord of 04th house, while it is aspecting 10th house. Saturn offers lesser marks (seats).
- f) Dasha is that of Ketu. Ketu is not offering materialistic success. It denotes ~~08~~ 08th house from lagna through Mercury and Jupiter.
- g) Bhutki is that of Saturn. The significations of Saturn have been discussed earlier, especially it denotes 03rd house lagna and is aspecting 10th house. Saturn plays spoil-sport here with reference any particular party does not get clear verdict.
- h) Antara is that of Jupiter, which signifies 03rd house from 07th house. Jupiter is in the star of Mercury. Mercury stands for alliance, partners, diplomacy, compromise, etc. So parties can go in for alliance on compromised terms.

- i) Sookshma is that of Ketu. The significations of Ketu have been discussed earlier.
- j) Prana is that of Moon, who is in the star of Ketu.
- k) Deha is that of Venus. Venus is lord of 07th house from lagna and is placed in lagna. Venus is in the star of Saturn. Significations of Saturn have been discussed earlier.

The other point which may consider is that the VMD was that of Ketu. Normally, Ketu period is not good for success, since this node is the Mokshakaraka.

All these points mentioned above had made to predict in advance that no party shall get requisite majority to form the Government. Indeed, PDP and BJP came together to form the Government after much deliberations and delay.

A horary chart is drawn at the time of beginning of Assembly elections for the first phase, to be held on 04 April 2016 at 07-00 a.m. The chart is shown above.

In the chart, lagna is rising at Aries at 24 deg. at 7-00 a.m. on 04 April 2016. The Moon is in the star of Mars (Dhanishta) in Aquarius, which is 11th house.

10th house is considered for the success of the self, which is the Ruling Indian National Congress headed by Chief Minister, Tarun

Gogoi. 04th house, which is opposite to 10th house is considered success of the main opposition party.

In this chart, the following points were considered:

- 01) Saturn is the 10th lord. Planets in the stars of Saturn are Mars and Venus viz. Anuradha and Uthara Bhadra, respectively.
 - 02) Mars is aspecting Ketu. Ketu is in Aquarius also signifies Saturn.
 - 03) Rahu gets aspect of Saturn.
 - 04) Planet placed in the stars of Rahu is none, but Mercury is in the star of Ketu in Aries.
- 
- 05) Hence planets who signify 10th house shall be Saturn, Venus, Mars, Rahu, Ketu and Mercury.

Now let us take the significations of these planets:

- a) Saturn denotes 01, 03, 06, 08, 10 and 11. Saturn is retrograde and is in the constellation of Jyeshtha, ruled by Mercury. Mercury is unfortunately in the star of Ketu in Aries. There shall be four defects for Saturn such as (a) Saturn is in 08th house, (b) It is retrograde, (c) Its star lord Mercury is weak, since it is in the star of Ketu, and (d) Mercury is lord of 3rd house (small, younger, sub-ordinate). Saturn offers more result of 01 and 08. 08th house denotes humiliation, lack of understanding, bitterness, not getting grip of the things.

- b) Now let us take Venus. It is lord of 02 and 07, but occupies 12th house and its star lord denotes 08th house. Hence Venus offers more result of 08 and 12 than other houses.
- c) Mars is lord of houses 01 and 08. It signifies Saturn who occupies 08th house. So Mars offers more result of 01 and 08 rather than other houses.
- d) Significations of Nodes are spelled earlier.
- e) Mercury is quite weak, since it is in the constellation of Ketu. Ketu is the materialistic spoiler. It denotes Saturn, Mars, Moon and Jupiter. Moon denotes Mars. Mars gives more result of 08th house only. Moon offers 11 and 08. Jupiter denotes 09, 12 ~~and~~ 05. It is in the star of Venus, but retrograde. Hence Jupiter denotes more of 05 and 12.

The VMD running at the time of beginning of the lagna is that of **Mars Maha dasha, Venus Bhukti, Rahu Antar Dasha, Rahu Sookshma dasha, Saturn Prana dasha and Jupiter Deha dasha.**

Dasha lord Mars denotes more of 08. Bhukti lord Venus denotes more of 08 and 12. Antara and sookshma lord Jupiter and Venus. Prana lord Saturn signifies more of houses 01 and 08. Deha lord Jupiter denotes more of 05 and 12.

These significations coupled with link of Saturn with that Ketu through Mercury do not augment well for the ruling party to win the elections.

The reading was limited to first phase of polling only. Analysis for the subsequent phases of polls was not considered. However, the Ruling party, Indian National Congress, was voted out when final results were declared.

MALAYSIAN AIRLINES FLIGHT MISSING

Malaysian Flight MH 370 was flying from Kuala Lumpur International Airport near Kuala Lumpur, Malaysia to Beijing Capital International Airport in Beijing, China. It appears that the flight is missing. The last made voice contact with air traffic control was at 01:19 a.m. (Malaysian time) on 08 March 2014.

Perturbed by the news, the following message was sent on 11 March 2014 on Astrovision@yahooogroups.com, an astro forum moderated by the author.

Hello

MALASYAN AIR LINES MH 370 MISSING IN INDIAN OCCEAN

Saw the news item. I was busy  during last few days. I had the urge to see the fate of the above air plane. So I took out a time chart. Sub lord of lagna is Ketu. It is linked to Mars and Saturn. They signify 01, 06, 08 and 07 between them and their star lord.

Mercury is lagna lord. It denotes air plane. It is in star of Mars. Jupiter, Moon, Saturn, Mars, Rahu and Sun are all in airy sign. Mercury is conjunct with Venus (vehide). Hence query is correct.

Dasha is Jupiter-Ketu-Saturn-Jupiter-Ketu. Day lord is Mars. The plane is destroyed and passengers are killed. Saturn-Ketu prominent, and maraca and badhaka Jupiter is in lagna. Saturn signifies Jupiter. Rahu signifies Mars and Saturn. There should be blast or crack? Let us see.

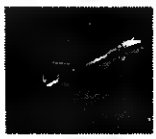

Regards

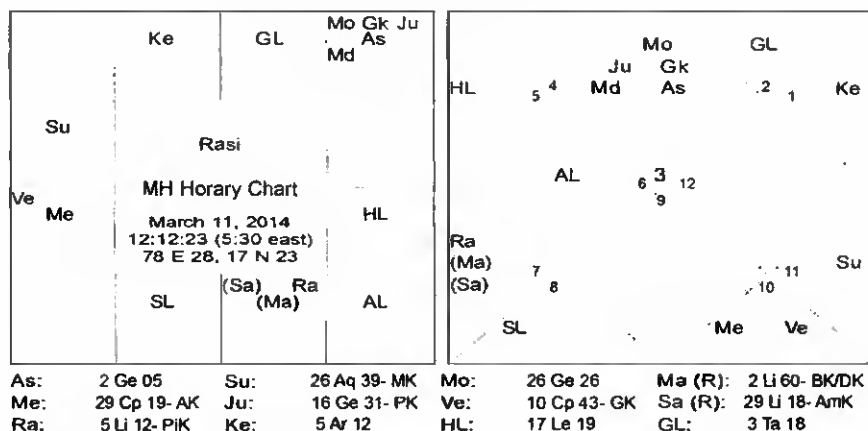

MK Viswanath

For accidents, students may take 01, 06, 08 and badhaka along with Mars and Saturn. 01 is for lagna or self. 06th house is for cuts and wounds when linked to Mars. 08th house is for accidents or longevity. Mars is for cuts and wounds or injuries along with accidents. Saturn denotes destruction. Badhaka is for destruction of longevity.

For air accidents, one can consider airy (vayu tatwa) signs, which are Gemini, Libra and Aquarius. These houses are ruled by Mercury, Venus and Saturn respectively. Generally, Mercury signifies airplanes. So Mercury also could be considered. Venus stands for vehicle in general. If the flight is an international flight, 09th house can be taken, but if the flight was on a domestic fly, one could take 04th house. When almost all the combinations are linked in a chart, there could be accident, destruction and death for an air plane. The incident can take place when the appropriate DBAs arrive and transits agree. ✈️

Let us examine the following horary chart was taken out on 11 March 2014 at 12-12-23 pm at Hyderabad, which is detailed below:

Let us evaluate the following factors:

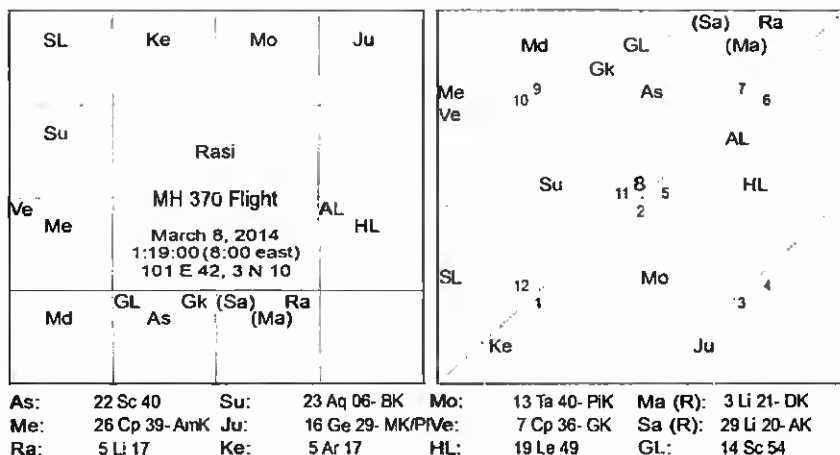

- 1) Moon is the index of the mind. It is in an airy sign (Gemini). It is in the star of Jupiter, who is badhaka and maraca for this chart.
- 2) Jupiter is in the star of Rahu, while Rahu is conjunct with Rahu and Saturn in Libra. Libra is an airy sign. Mars denotes 06 and Saturn denotes 08th house.
- 3) So Jupiter shall offer the result of 01, 06, 08, 07 along with Saturn, Mars and airy sign. 01st house is for self; 06th house is for cuts and wounds; 08th house is for longevity, accidents and 07th house is badhaka for all dual lagnas.
- 4) Mercury is in 08th house in Capricorn. It is in the star of Mars, who denotes injury, blood, accidents, etc.
- 5) The lagna is in Gemini at 02 deg. 05 min. in the star of Mars and sub of Ketu.
- 6) Ketu is in Aries and is linked to Mars and Saturn. (Saturn is aspecting Ketu). Ketu is in Aries and denotes Mars.
- 7) Lagna lord is Mercury. Mercury is in 08th house, the house of accident. It is conjunct with Venus, who stands for vehicle.

8) Hence the pertinent houses and requires significations are covered.

The VMD (on working back as per this horary chart) at the time of missing time of the flight, i.e., 08 Mar 2014 at 01-19 am, was of Jupiter-Ketu-Saturn-Mars-Rahu. Jupiter signifies 01 and 07 denoting self and badhaka & maraca. Ketu is linked to Saturn (08) and Mars (06). Rahu is linked to Saturn and Mars, besides denoting Venus. Houses 01, 08, 07 and 12 are involved along with malefic planets like Mars, Saturn and Rahu. 12th lord Venus is in 08th house. If there is a link between 08 and 12 along with malefic planets, it signals that one gives up life in a violent way. Mercury is conjunct with Venus, who is in Moon star in Capricorn. Moon is in lagna indicating 01 and 07. All these combinations indicate there was a suicide aspect in the event.

Flight 370 had last made voice contact with air traffic control on 08 March 2014 at 01:19 MYT and hence the time chart of that time is appended below:

The exact time of disappearance of the flight is not available, but the last time the flight had contact with ATC was at 1-19 MYT on 08 Mar 2014.

The chart has got Scorpio rising in the star of Jyeshta, ruled by Mercury, who denotes flying objects. Lagna lord Mars is in own star, but is in 12th house. It is conjunct with Saturn and Rahu.

Badhka lord is Moon, who is aspecting the lagna. It is in own star.

Rahu is in 12th house and is conjunct with Saturn (destruction) and Mars (01, 06, 12, accidents, cuts & wounds). Rahu is further getting the aspect of Jupiter (08-accidents). The chart is quite dangerous and fatal.

At the time of last contact of flight, the VMD was Moon-Rahu-Moon-Jupiter-Mercury-Venus.

AA) Dasha and Antara lord Moon is badhaka and is in maraca house (07th). It is in own star and is aspecting lagna.

BB) Bhukti lord Rahu is in an airy sign in Libra. It is conjunct with Saturn and Mars. Mars is lord of 01 (self) and 06 (cuts, breaks) and it in 12th house (loss). Mars is in own star. Rahu is conjunct with Saturn too. Saturn denotes 08th house through Jupiter.

CC) Sookshma lord Jupiter is lord of 02 and 05, but is placed in 8th house (accident). It is in an airy sign (Gemini). It is in the star of Rahu (12).

DD) Prana lord Mercury is in 03rd house, being lord of 08th house. Mercury denotes flying objects. It is in the star of Mars.

EE) Deha lord is Venus, who denotes vehicle by nature. It is in the star of Sun (04-vehicle). Sun is in an airy sign (Aquarius).

FF) Hora lord is Saturn. Saturn denotes 08 and 12 and is conjunct with Mars and Saturn.

All these combinations viz. 01, 06, 08, badhaka and 12 along with Mars, Rahu and Saturn indicate suicide. The plane should have broken into pieces.

As in any subject, Astrology and Astrologer should be ready to stand up to the criticism from any corner. As such, many would ask as to how a post mortem work is being conducted here and the analyses are offered after the incident.

Also, there are so many flights flying in the sky in this world, and how only this particular meets with an accident or so.

The answer for these two questions is like this:

- 1) Unless the student is able to analyze a past case, he / she shall not gain confidence in predicting a future case. Hence it is important for any student to evaluate a past case.
- 2) For all the living being or non-living thing, there is a specific time span or longevity allocated based on the time of birth or time of construction. Anyone or anything once born shall perish one day. The length of the time allocated depends upon the planetary combinations and positions. Also the mode of perishing depends upon the planetary combinations.

Hence if one particular flight alone meets with accident, there is no surprise in it, since the time of manufacturing of that flight is linked to accident and destruction as per the astro planetary combinations and permutations discussed above.

As regards the safe landing of the flight, the same is not discussed as per this horary chart. Of course, it is deciphered from the chart.

But there shall be many more flights taking off during a particular period and flying in the air towards its destination. Hence such an analysis does not have any value.

But then why a single flight alone meets with accident? The answer is simple. At the time of manufacturing of the flight, if 01 and 08<sup>th</sup> houses are linked to 06 and badhaka along with Mars and Saturn and that if 08<sup>th</sup> house is quite weak, the particular flight will meet with accident during the VMD of these planets operate. This method is similar to analyzing the longevity of humans. This is because whether a living being or a non-living thing, there shall be a specific longevity destined for.

The details of synopsis analysis are given below point-wise:

- 01) The lagna is rising in Sagittarius at 19 deg. in Purva Ashada star. This star is ruled by Venus, who is the karaka or signifying planet for vehicle.
- 02) Lagna is in Jupiter sign. Jupiter is lord of 04<sup>th</sup> house, which indicates vehicle.
- 03) Jupiter is in the star of Mercury (Aslesha), which Mercury denotes flying objects. Mercury is in the star of Venus (vehicle) in Sagittarius.
- 04) Hence one could see a link of 01, 04, Mercury and Venus denotes a vehicle flying by air. Hence the time chart at the time of take off of the flight matches the topic discussed.

As per the Vimshottari Maha Dasha (VMD) system the period was that of Jupiter-Rahu-Jupiter-Ketu-Moon.

- a) Dasha and Antara lord Jupiter denotes houses 01, 04, 07, 08 and 10 through self and Mercury. 01<sup>st</sup> house is self; 07<sup>th</sup> house is maraca and badhaka, while 08<sup>th</sup> house is longevity or accident.
- b) Bhukti lord Rahu denotes Mercury and Moon, since it is in Virgo and is in Hasta star. Mercury denotes air plane. Moon is in 04<sup>th</sup> house.
- c) Sookshma lord Ketu is in 04<sup>th</sup> house (Vehicle) and it denotes Mercury, Moon and Jupiter, whose significations are covered in previous points.
- d) Prana lord Moon is in watery sign Pisces in 04<sup>th</sup> house. Moon denotes sea and Pisces is a deep ocean. This prompted me to declare that the missing flight is in water.
- e) Here Jupiter is in retrograde motion and this signals that the flight is out of control. Jupiter is in mutual aspect with Mars, who is capable of causing accidents. Saturn is in 12<sup>th</sup> house and it is aspecting Mars. 06<sup>th</sup> cusp falls at 19 degrees in Taurus and 08<sup>th</sup> cusp in Cancer at the same degree, which are ruled by Moon (Rohini) and Mercury (Aslesha) respectively. Moon and Mercury are linked in the points discussed above. These combinations could have caused accident.

The date of examination was on 8 Dec 2014. The VMD running was that of **Jupiter-Jupiter-Mercury-Saturn-Mercury**. The native already passed MBBS examinations, and wanted to pass through the MCI exam.

In order to pass an examination, one should have 04, 06, 09 and 11 houses. The causative planets for education are Mercury and Jupiter. 04<sup>th</sup> and 09<sup>th</sup> houses are houses of education. 11<sup>th</sup> house is for gains or fulfillment of desires. 06<sup>th</sup> house is loss to opposite party, viz. the person evaluating student's answer sheets.

The dasha lord Jupiter signifies 03, 12 and 06 though self and is in the star of Rahu. So it shall offer the whole result of Rahu. Rahu is conjunct with Venus and Sun. It is in the star of Moon and sign of Saturn. Saturn is in the star of Venus. Sun is in own star and Venus is in the star of Sun. Venus offers the result of houses 01, 05, 08 and 10 through self and Sun. So, Jupiter should offer these results along that of Sun. There have been no 04 or 09 houses. So out of these houses, dasha and bhukti lord Jupiter

can be considered for 06<sup>th</sup> house only (for passing an exam). Antara and prana lord is Mercury, who is lord of 06<sup>th</sup> and 09<sup>th</sup> houses. But eventually Saturn is Sookshma lord, who is occupant of 12<sup>th</sup> house is appearing. Saturn is aspecting Jupiter. But the causative planets for education, viz. Mercury and Jupiter are appearing the VMD list.

In the meantime, just took note of the transit chart on the date of examinations. Accordingly, below mentioned planetary positions are denoting the date of examination on 08 Dec 2014 at 10-00 at Hyderabad:

| Body     | Longitude     | Star | P |
|----------|---------------|------|---|
| Lagna    | 10 Cp 16' 21" | Srav | 1 |
| Sun      | 22 Sc 01' 35" | Jye  | 2 |
| Moon     | 11 Ge 49' 37" | Ardr | 2 |
| Mars     | 08 Cp 30' 36" | USha | 4 |
| Mercury  | 21 Sc 54' 36" | Jye  | 2 |
| Jupiter® | 28 Cn 39' 21" | Asre | 4 |
| Venus    | 02 Sg 53' 39" | Mool | 1 |
| Saturn   | 04 Sc 18' 12" | Anu  | 1 |
| Rahu     | 23 Vi 31' 32" | Chit | 1 |
| Ketu     | 23 Pi 31' 32" | Reva | 3 |

Moon is the karaka of mind. It is in 06<sup>th</sup> house, which shows competitive examinations. Moon is in the star of Rahu, who is in 09<sup>th</sup> house (higher education). Dasha and Bhukti lord is Jupiter, who is the main player. Jupiter is in retrograde motion. But it is in the star of 06<sup>th</sup> and 09<sup>th</sup> lord Mercury in Cancer (Aslesha). Jupiter is faourable. Mercury is in Jyestha in Scorpio, which is its own star. Mercury denotes 11<sup>th</sup> house from natal lagna. Saturn is also in 11<sup>th</sup> house in Scorpio. Saturn is in own star, and hence it is strong.

Hence considering the significations of Jupiter, viz. 06 and 09 along with Mercury, one should consider Jupiter is favourable. Mercury is also favourable as per the explanations mentioned in the previous paragraphs. Only issue is Saturn in natal chart, it is 12<sup>th</sup> house and is aspecting dasha lord Jupiter. But in time chart, Saturn is in 11<sup>th</sup> house, which is favourable. Hence it was predicted that the student will pass through the examinations, but the marks may not be high. This is due to role of Saturn.

Indeed, after the results were declared, it was informed to me that the native passed through the exam, and had got 9 marks higher than the cut-off marks required to qualify for higher studies.

Due to severe high Blood Pressure, his nerves broke in brain and there was blood clot. Most of the hospitals refused to admit the patient, but finally one hospital admitted him and did brain surgery lasting 2-3 hours.

1<sup>st</sup> house is for self or body; 06<sup>th</sup> house is for illness while 08<sup>th</sup> house is for serious nature of disease. 08<sup>th</sup> house along with Mars / Jupiter denotes blood. High pressure is caused by Mars and Jupiter. Sun and Mars denote head. Mercury and 03<sup>rd</sup> house denotes nerves. Surgery is seen from houses 05, 08 and Mars. Houses 01, 05 and 11 denotes recovery.

The breakage of nerves in the brain should be attributed to Ketu, who is in Aries and conjunct with Mars along with Mercury (nerves) who is the lagna lord and is in 03<sup>rd</sup> house (nerves, circulation). But the breakage happens when Saturn is also linked. Once could see that Saturn is ~~lord~~ lord of 08<sup>th</sup> house (blood) and is in 06<sup>th</sup> house (roga). It is aspecting Mercury by the 10<sup>th</sup> aspect. Indeed Saturn is in the constellation of Mercury (Jyeshtha). Hence there is a link of 01, 03, 06 and 08 between Saturn and Mercury.

The period is that of Mars-Venus-Sun during March 2015.

Dasha lord Mars signifies head. It is lord of 06<sup>th</sup> house. It holds Ketu as captive. Hence it can hold Mercury (01) as its representative, since Mercury is in the constellation of Makha, ruled by Ketu.

Lagna lord is Mercury, who is in the star of Ketu, who is conjunct with Mars in Aries (head). Bhukti lord Venus signifies lagna (head). It is lord of 12<sup>th</sup> house (hospitalization) Antara lord is Sun, who denotes 03 and Saturn (01, 06 and 08).

During this period, transit Saturn had returned to natal 06<sup>th</sup> house. Jupiter was in Mercury star in Cancer (Aslesha).

The person went for surgery of the brain due to link of (a) Mars (surgery) and that Jupiter is placed in the star of Mars in 05<sup>th</sup> house (cure) and (b) Sun, who denotes 06, 08 through Saturn.

Since there is link of 05 and 11 through Mars, Venus and Jupiter, the native recovered from the medical issues.

When we die, the death is not for the soul, but it is only for the body. Soul never dies; instead it emancipates; only to take birth again. The body is created temporarily for holding the soul inside the body. It is like a sachet or kavach. When the soul departs the body, the body is dead.

But nothing belongs to us - not even our physical body - as everything belongs to the mother-nature. We take birth from mother's womb and when we die, we go into the lap of mother earth. The sperm is the soul and soul emancipates and reaches Him, the almighty God, who will decide our next journey based on merits of our karma in the just concluded life.

## NAME AND FAME

Lagna lord Saturn is in the star of Mars (Pushya), while Mars is in the star of Saturn (Chitra). Hence between them, they become stronger. Indeed name and fame is deciphered mainly from 10<sup>th</sup> house. Lord of the 10<sup>th</sup> house is Venus. It is in 05<sup>th</sup> house. So name could come from creativity. Venus is conjunct with Jupiter. Both of them are in the star of Mars (Mrigashira). Sun and Mercury are too in the star of Saturn (Pushya). Hence Sun, Mercury, Mars, Jupiter, Venus and Saturn have got elevated. So the native became famous.

## ACTRESS

One could be a film actor when 02, 05, 06, 07 and 10 are linked along with Venus, Rahu and Mercury. 02<sup>nd</sup> house is for dialogue delivery. 05<sup>th</sup> is for creativity. 07 is for opposite party, audience, character, etc. 10<sup>th</sup> house is for profession. 11<sup>th</sup> house is for gains. Venus is for creativity, Rahu is for illusion, films, cinema, etc.

Mercury is for dual personality. 06<sup>th</sup> house stands for higher level of work. If all these aspects are linked, one could become a cinema actor.

In this chart, Rahu is linked to Mercury (06, 07) and Saturn (02-speech). Venus is lord of 05 and 10. It is in 05<sup>th</sup> house and it is in the star of Mars, who is in 07<sup>th</sup> house. Rahu is in lagna and is linked to Mars (07). Rahu (illusion) offers the result of 06<sup>th</sup> lord Mercury (dual personality), Jupiter (5-creativity).

The acting career started as a child artist in 1966 at the age of 13 years during the VMD of Venus-Jupiter. The significations of Venus such as 05, 07, 10 and 11 are very important in this case.

### **DISEASE**

If there is a link of 01, 06 and 08 along with Saturn, one shall suffer from grave and long-standing disease.

01<sup>st</sup> house stands for lagna, body or self. 06<sup>th</sup> house stands for house of disease or roga sthana. 08<sup>th</sup> house is sudden rise in nature or serious condition. 12<sup>th</sup> house stands for hospitalization, isolation, etc. Saturn is considered planet of disease or is capable of inflicting long-standing disease, illness, misery, pain, etc.

Under these conditions, if there is a combination of Saturn-Moon-Rahu, it shall denote malignant cancerous disease. Breasts are signified by 03<sup>rd</sup> house, Moon, Venus and Mercury. Moon and Venus are female planets and thus denote female body parts. Moon denotes milk. Mercury stands for dual organs, such as pair of eyes, pair of ears, pair of breasts, pair of lungs, pair of kidneys, etc.

The native was diagnosed with breast cancer during the VMD of Rahu-Saturn in 2003.

01) Dasha lord Rahu is in Capricorn, a sign ruled by Saturn.

02) Capricorn is the lagna.

03) Rahu is in the star of Moon. Moon is in the star of Ketu, while Ketu is in the star of Saturn (Pushya) in Cancer.

04) Saturn is the causative planet for disease. It is the lagna lord in this chart.

05) Ketu is conjunct with Mercury (dual organs). Mercury is 06<sup>th</sup> lord (disease).

06) Rahu gets the aspect of Jupiter, who is lord of 03<sup>rd</sup> house (breasts). 03<sup>rd</sup> house is Pisces, which is a dual sign.

So there is a Saturn-Moon-Rahu connection with Mercury, Jupiter, along with houses 01, 03, 06. Although Venus has not come into picture, it is for sure that Venus should have linked somewhere in some of the sub periods in the bhukti of Saturn.

Unfortunately, native died on 19 Oct 2006 due to breast cancer during VMD of Rahu-Mercury-Rahu-Venus.

The significations of Rahu and Mercury are discussed above. Still, Rahu signifies 01 (self) through Saturn, 06 (illness) through Mercury, 11 (badhaka) through Mars, 08 (longevity) through Sun, 12 (hospitalization) through Jupiter. Venus is in the star of Badhaka Mars. These significations caused Rahu to separate the body.

## LONGEVITY

The native passed away in her 53<sup>rd</sup> year, which means that the longevity is middle aayu. Although Mars is favourable for name, fame, career, high position, etc., one should realize the fact that for Capricorn lagna, Mars is the badhaka lord. Rahu signifies Saturn (01), Mars (11) and Sun (08) denoting lagna, badhaka and longevity respectively. Saturn, Venus, Jupiter along with Nodes are linked to Badhaka Mars, which is not good for prolonging longevity, as Mars is badhaka.

Out of these planets, Rahu is most dangerous as it draws the significations of Saturn (01), Mars (11), and Sun (08).

Indeed, the native passed away during the VMD of Rahu-Mercury-Rahu-Venus.

The significations of Rahu and Mercury are discussed above. Venus is in the star of Badhaka lord Mars. Thus Almighty God ended the sparkle of a shining star.

## ERECTILE DYSFUNCTION

Erectile dysfunction or impotence is sexual dysfunction characterized by the inability to develop or maintain an erection of the male penis during sexual activity.

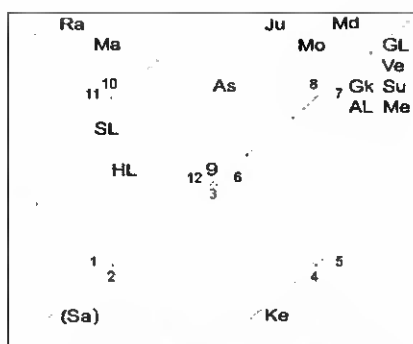

A penile erection is the hydraulic effect of blood entering and being retained in sponge-like bodies within the penis. The process is most often initiated as a result of sexual arousal, when signals are transmitted from the brain to nerves in the penis. The most important organic causes are cardiovascular disease and diabetes, neurological problems, hormonal insufficiencies (hypo gonadism) and drug side effects.

- 01) 07<sup>th</sup> and 08<sup>th</sup> house should signify sex, sexual organs, etc.
- 02) 3<sup>rd</sup> cusp along with Mercury denotes nerves.
- 03) Mars and 08<sup>th</sup> house signifies blood. Mars denotes strength, head, etc.
- 04) Sun, Jupiter and Mars are male planets. They signify head, brain, etc.
- 05) Jupiter / Venus denote circulation.
- 06) Moon signifies lack of manly strength.
- 07) Saturn is for blocking / slow or defective system.
- 08) A combination of Saturn-Ketu shows terms like "lack of strength, withdrawal, sanyasi," etc.
- 09) 12<sup>th</sup> house denotes lack of strength or loss, etc.

The following native is suffering from erectile dysfunction, at the age of 36 years.

- 06) The male planet, Mars is in own star, but Ketu is linked to Mars. Another male planet viz. Jupiter is in 12<sup>th</sup> house and is in the star of Saturn (Anuradha) and is getting the aspect of Saturn. Sun is in the star of Mars.
- 07) Both Mars and Sun look alright in the chart, to a larger extent. But 08<sup>th</sup> house and the signifying planets for 08<sup>th</sup> house are having afflictions by Saturn.

The reasons for erectile dysfunction is attributed to the pointed mentioned above.

In 2007 during which time, the major dysfunction had appeared, transit Saturn was in natal 08<sup>th</sup> house (Cancer).

One could purchase gold ornaments when houses 02, 12, 03 along with Jupiter and Venus. 02<sup>nd</sup> house denotes money, while 12<sup>th</sup> house denotes investment. 03<sup>rd</sup> house is for wearing gold ornaments such as bangles, chains, etc. If the gold ornaments are meant for spouse, these combinations should also be linked to 07 and 09. 07<sup>th</sup> house denotes spouse and 09<sup>th</sup> house is the hands or neck of the spouse for wearing gold ornaments.

Planets signify 02, 07 and 12 are Mars, Ketu and Rahu. In the transit chart, Ketu signifies Mercury, who is 09<sup>th</sup> lord in the natal chart. Rahu denotes Ketu in natal chart. In the DBASP Rahu is appearing.

In the natal chart, Jupiter only is signifying 03<sup>rd</sup> house, while in the transit chart, Moon is in the Jupiter, while Rahu denotes Moon in transit chart. Rahu is appearing in the DBASP. Dasha lord

Saturn signifies 04, 05 and 11 in the natal chart. Bhukti lord Venus denotes 01, 08, 10, 04 and 05 as per natal chart. Antara lord Jupiter denotes 03, 04, 06 and 11 as per natal chart.

## CHESS CHAMPION

The **World Chess Championship 2014** was a match between the world champion Magnus Carlsen and challenger Viswanathan Anand, to determine the World Chess Champion. It was held from 07 to 28 Nov 2014, under the auspices of the World Chess Federation (FIDE) in Sochi, Russia.

A friend of mine asked me on 07 Nov 2014 at 5-45 p.m., while we were sitting in a Hyderabad University, if Anand will against Carlsen.

Since the question was asked about Anand, the lagna is taken as first house for Anand. Lagna is rising in Aries (Mesha). 10<sup>th</sup> house shall be in Capricorn. It is unoccupied. Saturn is the lord of this house. No planet is in the stars of Saturn. Nodes are not linked to Saturn. Hence Saturn is the only planet signifies 10<sup>th</sup> house. It is in 08<sup>th</sup> house, and is in the star of Jupiter, which signifies 04, 09 and 12. Hence Saturn signifies 10, 08, 04, 09 and 12.

In order to see how the opposite party's position, viz. Carlsen, let us take 04<sup>th</sup> house, which is 10<sup>th</sup> from 07<sup>th</sup> house. This is because 07<sup>th</sup> house shall be opposite party. So the chart is rotated to 07<sup>th</sup>

house, which is Libra and the same is taken as lagna. 10<sup>th</sup> house from Libra shall be Cancer.

10<sup>th</sup> lord is Moon. No planets are in the star of Moon. Jupiter occupies 10<sup>th</sup> house. It thus signifies 03, 06 and 10. It is in the star of Mercury. Mercury signifies 01, 09 and 12. Saturn is in the star of Jupiter. Saturn signifies 03, 04, 05, 06 and 10. It is agreed that 03 and 08 are signifies between Jupiter and Saturn. But on the part of Anand, only Saturn is signifying 10<sup>th</sup> house. Jupiter signifies 06 and 10 for Carlsen.

As far as Vimshottari Maha Dasha (VMD) is concerned, the period is of Sun dasha and Moon Bhukti. Sun is in the star of 10<sup>th</sup> occupant Jupiter. Moon is 10<sup>th</sup> lord and is in the star of Sun in Aries (Krithika), while Moon gets the aspect of Sun.

Hence it was felt that strength is more for opposite party and accordingly predicted to the friend that Anand will be defeated and Carlsen will win.

Indeed, later the match was decided after eleven of twelve scheduled games. On 23 November 2014 Carlsen retained his title, winning three games, losing one and drawing seven.

## ARUSHI TALWAR MURDER CASE

A message was sent out on 26 Nov 2013 at 11-32 am in yahoo forum astrovision@yahoogroups.com by the author of this book, which says in brief about the above case:

### QUOTE

According to court, the talwars used their "swords" to honour-kill their teen aged daughter and the house-hold help. At 2-00 pm in Ghaziabad, the honourable court again convenes to decide the quantum of punishment to the disgraced parents. Court may take it up around 2 to 3 pm (assuming).

Lagna is in Pisces. Moon is in 06<sup>th</sup> houses in star of Venus in Purva Phalguni. Venus signifies houses 03, 08, 10 and is in own star viz. Purva Ashada in Sagittarius. Moon is conjunct with Mars in Sun star viz. Uthara Phalguni in Leo. The day lord is Mars. Punishment shall not have kindness; it shall be harsh.

Rahu denotes Jupiter, Saturn, Venus denoting pertinent houses such as 01, 03, 08, 12, Saturn and Mercury. Both persons shall face punishment.

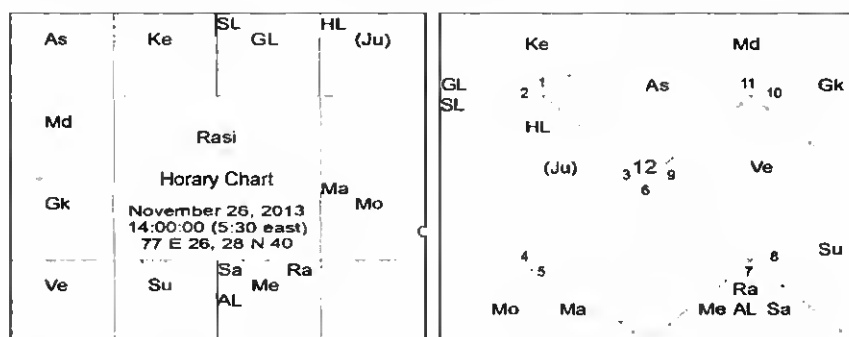

Badhaka and Maraca Mercury is in 08<sup>th</sup> house. But dasha lord Venus (08 and 10) indicates no death penalty for the couple. Balance VMD upto 2028 is that of Venus. It is felt that jail term for couples should be around 10 - 12 years. Now let us see the results. This message was released as a layman on this branch, as never dealt on legal issues.

In this chart, the lagna was rising in Pisces or Meena rashi. The day lord and hora lord is Mars. Mars is conjunct with Moon, who is the index of the mind. Lagna lord Jupiter is in 04<sup>th</sup> house.

Following points may be noted:

- a) If there is a link between houses such as 01, 03, 08, 12, along with planets Saturn, Mars, Sun and Rahu, this combination indicate incarceration.
- b) If houses 01 and 08 are weak and linked to badhaka, 06, 08, 12 along with Sun, Mars and Saturn, one shall be pushed onto the gallows.

Vimsottari Dasa: Ven MD: 2009-04-20 - 2029-04-20

Antardasas in this MD: Moon: 2013-08-23 - 2015-04-20

The VMD is that of Venus and bhukti is of Moon. Hence as per the time chart, the actual VMD shall be Venus-Moon-Rahu-Rahu-Venus-Moon.

- a) The significations of Venus are: 03, 08 and 10.
- b) The significations of Moon are: 05,06,03,08 and 10.
- c) Rahu denotes Saturn, Jupiter, Mercury and Venus.

Houses such as 01, 03, 08, and 12 have come into picture along with Rahu and Saturn. Bhukti and Deha lord Moon is conjunct with Mars, who is in the constellation of Sun (Government). Rahu denotes jails. Mars stands for police. Saturn is for restriction. 01, 03, 08 and 12 should indicate leaving home, getting restricted in a confinement.

Dasha lord Venus denotes 03 and 08<sup>th</sup> houses. Hence the punishment cannot go beyond Venus period. Accordingly, it was predicted in advance that the quantum of punishment shall be

around 10 years. The judgement from the Court was also on these lines.

In reply to the above mail, I received the following responses too:

The native became a politician because of the following reasons:

- 09<sup>th</sup> (Kingdom) and 10<sup>th</sup> (profession) lord Saturn (democracy) is in 05<sup>th</sup> house (politics). It is in the star of Sun (Government), who is in 10<sup>th</sup> house. Venus is in the star of Saturn in 11<sup>th</sup> house (Parliament).
- Moon is in the star of Mercury, and thus signifies 05, 07 and 10 through self and Mercury.

Currently, the Vimshottari dasha is that of Rahu-Rahu. Rahu is in 10<sup>th</sup> house and signifies Mercury, Sun, Jupiter and Saturn. This looks good.

But in the transit chart, which is appended below, Rahu is in Mars star (Chitra) and is conjoined with Saturn in Libra:

In the natal chart Rahu is in the star of Jupiter. In the transit chart Jupiter is again in 02<sup>nd</sup> house from natal lagna and is in own star. But Rahu is conjunct with Saturn, while Saturn is in star of Jupiter. Native is going through Saade-saath. Saturn is in retrograde motion. Dasha and Bhukti lord Rahu is transiting over natal Saturn. Hence the combination of Rahu and Saturn are not favoured. Also, the Antara lord is Mercury, who is in 12<sup>th</sup> house in Aries in transit chart. Mercury is under aspect from Saturn.

In view of all these significations, it was predicted in advance that in the 2014 Parliamentary Elections, the political party Mr. Kumar represents may not do well. The result was also in these lines.

The person is born with balance VMD of Venus upto March 1992. The judgement took place in 2013.

The analysis goes like this:

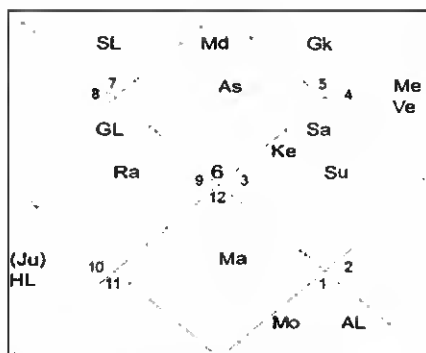

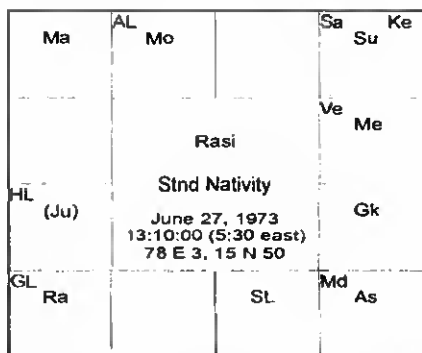

- a) The marriage and the marital life have been deciphered mainly from the 07<sup>th</sup> house. 07<sup>th</sup> lord is Mars. There are no planets in the stars of Mars, viz. Mrigashira, Chitra or Dhanishta.
- b) Mars is in a dual sign in Pisces. It is in the star of Saturn, who signifies another dual sign. Mars is weak to offer a satisfactory marital life.
- c) Saturn is linked to Venus and Ketu, as Saturn is in Moola star. 05<sup>th</sup> lord Saturn indicates cool nature of love and since Saturn is in the star of Ketu indicates lack of love, but Rahu is favourable for love since it indicates Venus.
- d) Index of the mind, viz, Moon and the 04<sup>th</sup> lord are in a dual sign, viz. Sagittarius.
- e) Mars is getting the aspect of Mercury from 12<sup>th</sup> house. Mercury is lord of 09<sup>th</sup> house. 09<sup>th</sup> house, when linked to 07<sup>th</sup> house, indicate another spouse.
- f) 12<sup>th</sup> house indicates secret, hidden, bed pleasures, loss, etc. Mercury stands for plurality, duality, etc.
- g) Under these conditions, Mercury offers result of another spouse in the life of the native.

All these points were discussed with the person, who brought the horoscope of the girl and asked them to take an appropriate decision.

## SEEING GHOST

On seeing the chart, I told this lady the following:

- a) Your mother will see ghost.
- b) Your son sees ghost
- c) There is ghost in your office.

She got astonished on this reading as all these things were experienced by the respective people / place.

The combination is seeing a ghost is deciphered from the following points:

- 1) Saturn signifies dead.
- 2) Ketu is for moksha, spirit, mist, smoke, etc.
- 3) Hence a combination of Saturn-Ketu should signify ghosts.
- 4) If they are connected to 02<sup>nd</sup> house, one could see ghosts.

In this chart, there is conjunction of Saturn and Ketu in Gemini. So it shall not be for the 2<sup>nd</sup> house of the native, as native is born in Virgo lagna. In that case, second house shall be Libra, ruled by Venus. Venus is not linked to Saturn-Ketu.

But Saturn is lord of 05 and 06 and it is conjunct with Ketu in 10<sup>th</sup> house.

05<sup>th</sup> house shall be 2<sup>nd</sup> house for 04<sup>th</sup> house, while 04<sup>th</sup> house stands for mother. Hence the native's mother shall see ghosts.

06<sup>th</sup> house shall be 02<sup>nd</sup> house for child, as 05<sup>th</sup> house is the lagna of the child. So I declared that the native's son shall see ghost, to

which she confessed that her keep saying this that he has seen ghosts.

Saturn and Ketu are conjunct in Gemini, which is 10<sup>th</sup> house for the native. 10<sup>th</sup> house denotes office or workplace, especially when linked to 06<sup>th</sup> house (service). The native, immediately, said that people talk about this in the native's office as someone has experienced seeing ghosts there.

The native thanked me for the accurate readings.

## ATHEISTS OR RATIONALISTS

A person who disbelieves or lacks belief in the existence of God or gods is called Atheist.

Rationalism is the belief that reason and experience and not emotions or religious beliefs should be the basis for your actions, opinions, etc

The following combo for atheists / rationalists:

- a) Lagna / Moon linked to fixed sign for practicality.
- b) Mars-Mercury link with 5 for reasoning, logic, analysis.
- c) 02<sup>nd</sup> house and 08<sup>th</sup> house along with Mars indicate criticism.  

- d) 09th lord is weak and linked to dush sthana, especially 6
- e) Jupiter is linked to 6<sup>th</sup> house and Saturn.
- f) Saturn is linked to 9<sup>th</sup> house or Jupiter. The link of Saturn to the above combinations may be verified.

Let us see the following natal charts:

Media reports suggest that in 2012 the following native was charged with hurting religious sentiments for his role in examining a claimed miracle at a religious place. So the native is a declared atheist.

In this case, the analysis goes like this:

- 01) The index of the mind, Moon, is in a fixed sign. It is in the star of Saturn, who is in 06<sup>th</sup> house.
- 02) Jupiter, who denotes religion, is in the star of Saturn (hatred), who occupies 06<sup>th</sup> house (enmity). Jupiter is 08<sup>th</sup> lord, which negates 09<sup>th</sup> house (religious)
- 03) Saturn is the 09<sup>th</sup> lord, who is in 06<sup>th</sup> house.
- 04) Sun denotes religious places. Sun is in lagna and it is in the star of Moon, while Moon denotes Saturn (06). Sun is in mutual aspect with Moon.
- 05) Mercury (intelligence) is the 05<sup>th</sup> (intelligence) lord and it is conjunct with Mars (logic) in 02<sup>nd</sup> house (speech), making native to think and speak logically.
- 06) Rahu is in 08<sup>th</sup> house and gets aspect of Mars and Mercury from 02<sup>nd</sup> house, making native to argue logically. A combination of Mars and Mercury gives tendency to logical analysis rather than going blindly.

### **Atheists or rationalists – Central Govt. Employee**

In yet another case, the native is employed in a reputed Public Sector Undertakings. He does not claim to be an atheist, but does not visit temples or offer worship as per belief of the religion in which he is born.

- 01) 09<sup>th</sup> lord (Religion) Sun (religious place) is in lagna itself, but Sun is in the star of Ketu, who occupies 06<sup>th</sup> house (enmity). Hence there is a link with that 09 and 06 along with Sun.
- 02) Star lord of Sun is Ketu, who is under aspect from Saturn (planet of enmity).
- 03) Moon is in 06<sup>th</sup> house in a fixed sign, making native to be practical.
- 04) Moon and Saturn are aspecting each other and they are involved with Nodes. Moon is lord of 08, while Saturn is lord of 02. This can cause logical outlook. 08<sup>th</sup> house negates 02<sup>nd</sup> house (religious).
- 05) Mars is lord of 05 (intelligence) is in the star of Saturn (02). Mars makes native to be think and speak logically.
- 06) Jupiter (religion) is the lagna lord (brain). It is in 10<sup>th</sup> house, but signifies Ketu and 06<sup>th</sup> house through Sun (09-religion, religious place).

These combinations led the native to be more practical and logical and skeptical about religion and religious practices.

In May 1994 he was sentenced to 21 years prison for murder of a person and arson of churches (in 2009 he was released, after 15 years).

When Moon is in a fixed sign, one may be a practical person. Here Moon is in Taurus, which is a fixed sign. Besides, the lagna lord (Venus), who signifies brain, is also in the star of Moon viz. Shravana in Capricorn. Hence Venus (lagna-brain) and Moon (mind) are linked. Venus is functioning as agent of Moon. Hence there can be tendency to have practical approach with reference to one's approach to a subject.

You may also see 6<sup>th</sup> house, which stands for enmity. Lord of 06<sup>th</sup> house is Jupiter. Jupiter denotes 04<sup>th</sup> house (mind). It is in star of Sun (temple). Hence one may have some enmity with religious places.

Logic is signified by Mars. 09<sup>th</sup> house denotes temples and religion. It is falling in Gemini and its lord is Mercury. Mercury is in 05<sup>th</sup> house and is in the star of Rahu. Rahu is conjunct with Mars, who denotes logic. Mars denotes logic and Mercury is in 05<sup>th</sup> house (intentions, thoughts). Rahu denotes 08<sup>th</sup> house and so is Mercury. 08<sup>th</sup> negates 09<sup>th</sup> house.

The church burning and murder should have taken place in early 1993 during Rahu-Mercury-Mars.

Rahu and Mars are in 3<sup>rd</sup> house. Mars is aspecting Ketu in 9 (temple). Ketu is in the star of Jupiter, who denotes religion in general. Jupiter denotes 06<sup>th</sup> house (enmity). These combinations forced the native to have hatred towards religious

places and take action of revenge. Fire is signified by Sun, who is in the star of Mars in Capricorn.

Houses 01, 03, 08 and 12, along with planets Saturn-Mars-Rahu-Sun denote imprisonment. 01<sup>st</sup> house is for self. 03<sup>rd</sup> house negates home (04). 08<sup>th</sup> house is for dark area, restrictions, etc. 12<sup>th</sup> house is for isolation, loneliness, jail, etc. Saturn is for restriction and punishment. Mars signifies police or law enforcing people such as arresting a person and keeping in jail, etc. Sun is for Government, and police and Jails are supervised by Government. Rahu is for jails.

Rahu is in the star of Venus and denotes 01, 03, and 08. 12<sup>th</sup> lord Mercury is in the star of Rahu. Hence Mercury offers result of Rahu as well as these houses. Rahu is conjunct with Mars. Saturn is in 08<sup>th</sup> house. Sun is in the star of Mars. When the native was imprisoned he was running ~~Rahu~~ Mercury-Mars VMD. The DBA planets tallied with the houses they indicate.

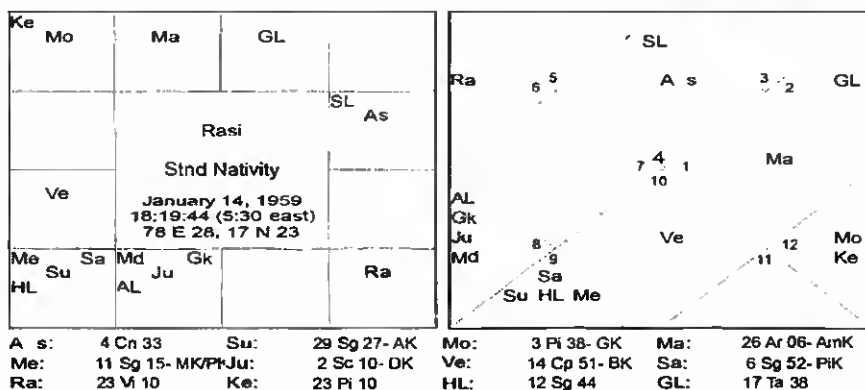

The native would have been released from Jail during the VMD of Jupiter-Ketu. Jupiter (04) is in the star of Sun (11) and Ketu too denotes Jupiter. 04<sup>th</sup> house is for home and 11<sup>th</sup> is for gains and also it negates 12<sup>th</sup> house. This indicates that one can reach home during this period. Ketu can be considered as mokshakaraka, who could help him released from jail.

The issue of childlessness arises when the main house viz. 05<sup>th</sup> house is weak and linked to houses 04, 06 and 12 along with Saturn, Ketu and barren signs. Barren signs are Gemini, Leo and Virgo. But even if one is blessed with a child, one can adopt.

For child birth, houses 02, 05 and 11 are good. Fruitful signs, viz. Cancer, Scorpio and Pisces are favourable.

In this case, 05<sup>th</sup> house falls in Scorpio. Its sign lord is Mars. There are no planets in its star. 05<sup>th</sup> house is occupied by Jupiter. There are no planets in its stars, except Jupiter itself. Ketu denotes Jupiter. Planets in the constellation of Ketu are Saturn and Mercury. Hence planets signify 05<sup>th</sup> house are Mars, Jupiter, Ketu, Saturn and Mercury.

Jupiter, Ketu, Saturn and Mercury denotes 06<sup>th</sup> house. Mars is in the constellation of Venus, who denotes 04<sup>th</sup> house. Mercury and Ketu denotes 12<sup>th</sup> house. Saturn is in the star of Ketu. Hence, Mercury, Ketu and Saturn do signify 12<sup>th</sup> house.

In the conclusion, one could say that Mars is not really afflicted not to offer child birth, and so is Jupiter. But the child birth did not take place. Here we have not seen the chart of the marital partner of the native. Houses 04, 06, 12, Saturn and Ketu have joined 05<sup>th</sup> house, but no barren signs have come into picture.

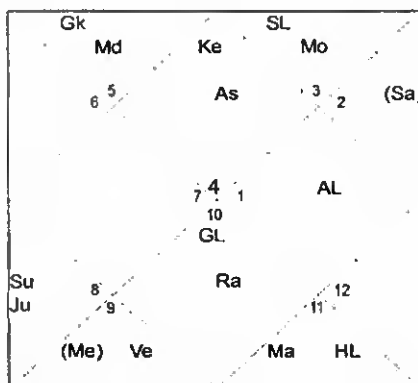

The native adopted a child. If 05<sup>th</sup> house denotes 06 and 09 along with Mercury, one could adopt a child. Mercury denotes 05, 06 and 09. So native opted for adoption of a child.

Whether one is parent or not, one can adopt child. Child is seen from 05<sup>th</sup> house. 06<sup>th</sup> house (adoption) along with Mercury can make one an adopted parent. In this case Cancer is rising. 05<sup>th</sup> house falls in Scorpio and is occupied by Jupiter, who is lord of 06<sup>th</sup> house. Jupiter is promptly in the constellation of Mercury (Jyeshta).

The adoption of the child took place in July 2007 during the VMD of Saturn-Saturn-Venus. The dasa and bhukti lord Saturn is under aspect from Jupiter, who is in Mercury star. Antara lord Venus is occupant of 06<sup>th</sup> house (adoption) is in the star of Ketu, who denotes Jupiter.

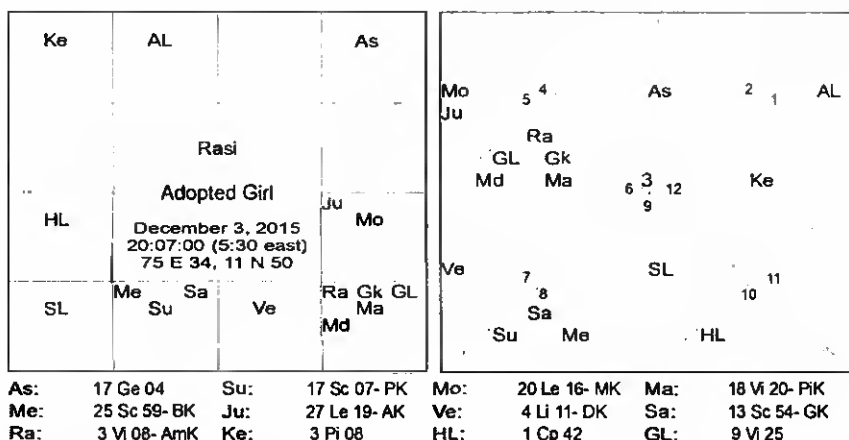

Hence the native adopted a child.

Incidentally, the above native adopted another girl child on 03 Oct 2016 too.

This adopted child was born on 03 Dec 2015 at 8-07 pm at Kottayam, Kerala, as per horoscope shown below:

It was given to understand that the father abandoned mother and child.

One can be adopted by someone, if houses 01, 04, 06 and 09 are linked to Mercury. 01<sup>st</sup> house is for self; 04<sup>th</sup> house is for mother, 06<sup>th</sup> house is for adoption, 09<sup>th</sup> house is for father and Mercury is for duality or maternal uncle.

In the chart of the child as pictured above, lagna (self) and 04<sup>th</sup> house (mother) are ruled by Mercury. It is occupant of 06<sup>th</sup> house

(adoption). 09<sup>th</sup> lord is Saturn, who is also an occupant of 06<sup>th</sup> house. Lagna lord (self), 04<sup>th</sup> lord (mother) and 09<sup>th</sup> lord (father) are conjunct in 06<sup>th</sup> house (Adoption). These combinations led to the child being adopted by someone.

The child adopted on 03 Oct 2016 during the VMD of Venus-Jupiter-Mercury-Jupiter-Venus-Saturn. The Dasha and Prana lord Venus denotes houses 04 and 06 through Mars signifying mother and adoption. Bhukti and Sookshma lord Jupiter denotes Sun, who occupies 06<sup>th</sup> house (adoption). Antara lord Mercury denotes houses 01, 04 and 06 signifying self, mother and adoption, respectively. Hence the period helped the child to be adopted by someone.

It was predicted to the client that they will adopt this child using the DBAs running for both the persons.

Lagna is falling in Libra in Swati star ruled by Rahu, who is in the star of Moon. Moon, who is the manas karaka or index of the mind, is in the star of Venus in Aries. The day lord was Sun and the Hora lord is Jupiter. Moon denotes Venus, so is Rahu. Venus is in 08<sup>th</sup> house, which shows lack of understanding between parties. Sun signifies Government, while Jupiter denotes legal system. Rahu being in Virgo also denotes Mercury, who is 09<sup>th</sup> lord (Legal, law). Hence the chart indicates that the query is correct.

In the DBA, Venus, Sun and ~~Moon~~ are appearing. Venus and Moon denote 08<sup>th</sup> house. Sun is in the star of Ketu, who denotes 06<sup>th</sup> house. 06<sup>th</sup> house is for success and loss to opposite party. Ketu does not offer success. It is in the star of Saturn, who is occupying 02<sup>nd</sup> house, but is retrograde. A retrograde planet is out of control.

Hence it was pointed out to the person called that his client will lose the legal suit.

01<sup>st</sup> house is self. 02<sup>nd</sup> house along with Venus and Jupiter signify money. 12<sup>th</sup> house is loss. 07<sup>th</sup> house is opposite party. 08<sup>th</sup> house is the opposite party's money. 06<sup>th</sup> house is gain of self and loss of opposite party. 05<sup>th</sup> house is gain of opposite party. Ketu denotes moksha or lack of materialistic achievements. Saturn signifies delay, obstacles, low return, etc. If Rahu is connected to 03<sup>rd</sup> house, person may change his words.

Aries is rising in the Eastern horizon. First and foremost is the point that there are no occupants of 02<sup>nd</sup> house, which denotes money. Its lord is Venus, who is in the star of Ketu in 05<sup>th</sup> house, while Ketu is in 12<sup>th</sup> house. 12<sup>th</sup> house is loss of self, while 05<sup>th</sup> house is gain of opponent.

When the query was raised, VMD running is that of Ketu. This is not favourable. The DBASP running at the time of query was Ketu-Venus-Saturn-Jupiter-Mars-Saturn.

Dasha lord is Ketu. Ketu is in 12<sup>th</sup> house and denotes loss. Ketu itself is mokshakaraka. Bhukti lord Venus is in 05<sup>th</sup> house (gain of opponent) and it is in the star of Ketu. Ketu denotes 12<sup>th</sup> house (loss). Antara and Deha lord is Saturn. Saturn signifies 12<sup>th</sup> house through Jupiter. Jupiter is the sookshma lord. Rahu is in the star of Prana lord Mars and hence when the period of Mars operates, Rahu shall function. Mars is in Visakha star ruled by Jupiter. Jupiter is lord of 09<sup>th</sup> house, which is 03<sup>rd</sup> from 07<sup>th</sup> house (opponent). This can lead to opposite party changing their words.

In view of all the above points, it was therefore predicted to the person who called me that he will not get back the money.

**Lesson:** When you give money to someone, please do not forget to take receipt.

News items were appearing in Internet as well as in TV sets. Hence took out a time chart at 11-56-28 a.m. on 25 Mar 2016 at Hyderabad, and the time chart is shown above.

Accordingly, a message was sent at 25 March 2016 at 12:01 p.m., to our group: astrovision@yahooogroups.com. The synopsis of the message is as below:

### **QUOTE**

Gemini is rising  
 Sub lord of lagna sat  
 Sub lord of 8 is mer  
 Sub lord of 7 (badhaka) mer.

DBA - mar-mer

It appears that he is no more. But let us await positive and good results.

Rgds - mkv

### **UNQUOTE**

Unfortunately, the person was killed in the terrorist attack. In this case, the sub lord system was followed.

The details of the above analysis as follows:

- 01) When there is a link between 01, 08 with that of Badhaka, the longevity of the person severely affected.
- 02) 01<sup>st</sup> house denotes self; 08<sup>th</sup> house is for longevity and badhak is the killer of longevity.
- 03) The lagna is rising in Gemini, which is ruled by Mercury. Lagna cusp sub lord is Saturn, who is in the star of Mercury.
- 04) All the dwi-swabhava (dual) lagna, the badhaka shall be 07<sup>th</sup> house. Gemini is one of the dual houses. Hence 07<sup>th</sup> house shall be the badhaka. Here, the sub lord of the 07<sup>th</sup> cusp is Mercury.
- 05) Mercury is, unfortunately, is also the sub lord of the 08<sup>th</sup> cusp, which stands for longevity.
- 06) Hence, unfortunately the chances of the person surviving the quite remote.

07) The DBAS at the time of analysis Mars-Mercury-Mercury-Saturn. Mars is occupant of 06<sup>th</sup> house and denotes Saturn, who is lord of 08<sup>th</sup> house and occupant of 06<sup>th</sup> house. Saturn is aspecting Rahu, while Rahu is the star lord of the lagna. Lagna is in Rahu star Arudra in Gemini. Indeed Saturn is in the star of lagna lord Mercury.

08) Hence there is a combination of 01, 06, 08, Badhaka along with Mars and Saturn, which indicate that there is accident, injury and serious nature.

09) Hence Badhaka is also involved, the chances of survival of the person is quite remote.

10) Hence it prompted me to predict in advance that the person died. 

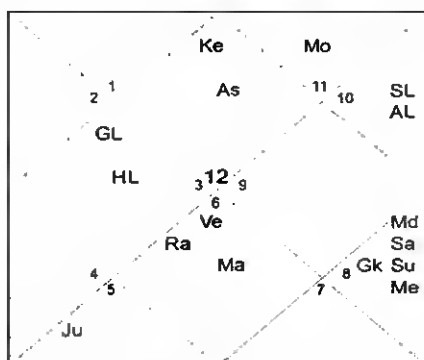

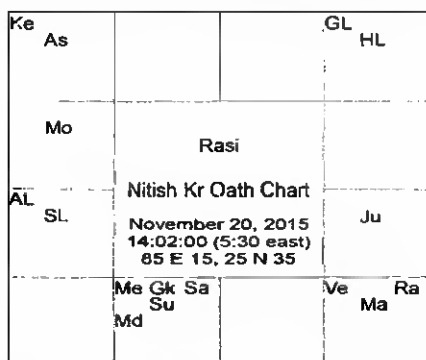

Unfortunately, it was later reported by media that the person was killed in the terrorist attack.

The points with reference to the stability and longevity of the Ministry are given below point by point:

- 1) This is a muhurta chart in which karaka for mind, Moon, is in 12<sup>th</sup> house. Any muhurta chart, Moon is avoided in 06, 08 or 12 which are called dush sthana.
- 2) Further, lagna lord Jupiter is in 06<sup>th</sup> house, which is not auspicious for maintaining good health and one shall get into enmity.
- 3) Lagna lord Jupiter is in a fixed sign, which gives to a lot of lazy nature by the Ministry.
- 4) But Jupiter is good for money in an ardha house.
- 5) It is in the star of Venus, who occupies 07<sup>th</sup> house, which indicates the intention to join a partner (07).
- 6) Rahu is in 7<sup>th</sup> house and is conjunct with 9 and 2 lord Mars indicates partners resorting to corruption.
- 7) Ketu in lagna indicates directionless person and charity minded or selfless and easy going type people.
- 8) Rahu is in 07<sup>th</sup> indicates malicious intentions by the partner. Rahu denotes 08<sup>th</sup> house (corruption) through Venus. Mars is also conjunct with Rahu. Partner shall resort to corruption, communicating wrong information, fabricating documents, etc.

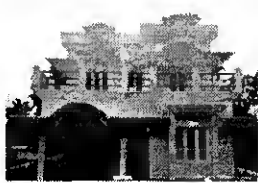

- 9) Venus signifying 3, 8 in 7 indicate lack of understanding with partners.
- 10) Venus and Mars in 7 indicate Moon in 12<sup>th</sup> house as both are placed in the star of Moon. This is not good for keeping relationship with partner.
- 11) Moon is in Rahu star in 12<sup>th</sup> house indicates secret corruption and fraud minded Government.
- 12) During Rahu dasha upto Nov 2018, the period indicates corruption.
- 13) 2018 November onwards Jupiter dasha will come into effect.
- 14) Jupiter signifies 01, 10, 03, 06, 07 and 08. Jupiter is under aspect from Moon from 12<sup>th</sup> house. 12<sup>th</sup> lord Saturn is aspecting Jupiter. During this period the corruption, scandal, etc. shall surface. Saturn, who denotes separation, is aspecting Jupiter.
- 15) This period will be end of the Government.

04<sup>th</sup> house is the land. Spouse is seen from 07<sup>th</sup> house. Hence the land of the spouse should be deciphered from 10<sup>th</sup> house, viz. 04<sup>th</sup> from 07<sup>th</sup> house. 11<sup>th</sup> house is for gains or fulfillment of desires. 01<sup>st</sup> house denotes self.

The signifying planets for these houses are:

- 1) Lagna is in Libra. In this chart, Libra (Tula) is rising as Ascendant. The lord of the lagna is Venus (Shukra). Ketu is in the star of Venus in Leo. Planets in the star of Ketu are Moon, Mars and Saturn. Hence Venus, Ketu, Moon, Mars and Saturn denotes 01<sup>st</sup> house.
- 2) 04<sup>th</sup> house falls in Capricorn. It is ruled by Saturn. Venus is in the star of Saturn in Pisces. Ketu is in Leo and denotes Venus. Planets in the star of Ketu are Moon, Mars and Saturn. Hence Venus, Ketu, Moon, Mars and Saturn denotes 01<sup>st</sup> house. Hence Saturn, Venus, Ketu, Moon and Mars do signify 04<sup>th</sup> house.
- 3) 07<sup>th</sup> house falls in Aries, which is governed by Mars. No planets in the stars of Mars. Saturn, Mars and Moon denote 07<sup>th</sup> house through occupancy. Venus is in the star of Saturn. Ketu denotes Venus. Planets placed in the star of Ketu are covered. Hence the planets signify 07<sup>th</sup> house are Mars, Saturn, Moon, Venus and Ketu.
- 4) 10<sup>th</sup> house denotes land of the spouse, which falls in Cancer. Moon governs Cancer. No planets in Moon star, and there are no occupants in 10<sup>th</sup> house. No Nodes are linked to Moon. Hence Moon alone signifies 10<sup>th</sup> house.
- 5) We could now see that Moon denotes all the houses such as 01 (self), 04 (land), 07 (spouse) and 10 (land of the

spouse). Moon is in the star of Ketu (Ashwini) in Aries, while Ketu occupies 11<sup>th</sup> house (fulfillment of desires).

These significations helped native to construct a house in the land owned by spouse.

## GENDER OF THE CHILD

The gender of the child can be assessed by the star lord system, especially in natal charts. We will have to consider the following points:

- a) The signifying planets for 5<sup>th</sup> house.
- b) The Vimshottari dasha operating.
- c) Transits

But, investigation of gender of the child before birth or pre-natal is illegal in India. This article is written only for academic purpose.

- A) Sun, Mars and Jupiter are male by gender.
- B) Venus and Moon are female by gender.
- C) Saturn, Mercury and Nodes are eunuchs.
- D) But astrologer is required to consider the star lord and take decision, as a planet shall offer the result of its star lord.
- E) Male signs such as Aries, Gemini, Leo, Libra, Sagittarius and Aquarius.

- 05<sup>th</sup> house falls in Aquarius.
- It is ruled by Saturn, who is a eunuch and cannot offer any gender.
- It is in the star of Venus, a female.
- Venus, though a female, is in the star of Jupiter.
- Jupiter is in the star of Saturn. Saturn being eunuch is in the star of Venus, a female.
- Rahu is in the star of Mars in Aquarius. Mars is male.

The first child was born on 29 Dec 2003 during the VMD of Mercury-Rahu.

- a) Dasha lord Mercury is in the star of Ketu, who is in Leo in own star, a male sign.
- b) Bhukti Rahu is in the star of Mars in Aquarius, while Mars. Mars is male. Mars is in the star of Jupiter, who is also male planet.

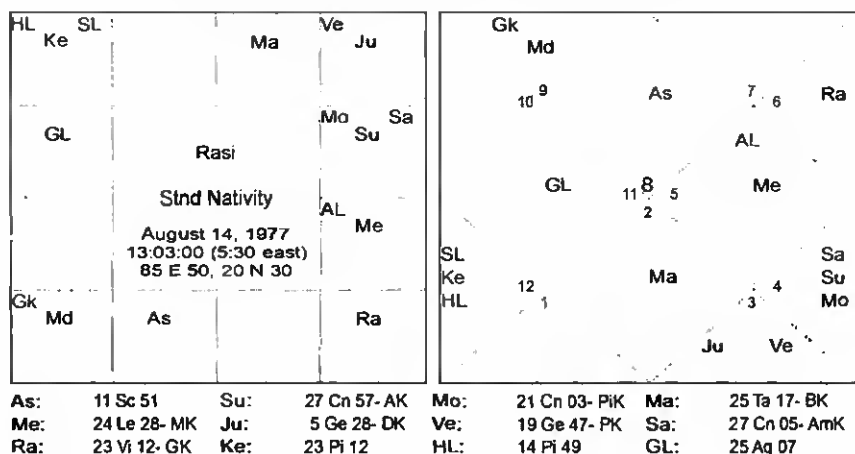

Hence the gender of the child is indicated as male.

The second child was born on 12 Jan 2007 during the VMD of Mercury-Jupiter.

- a) Dasha lord Mercury is offering the result of male as seen above. 
- b) But Bhukti lord Jupiter is in the star of Saturn, who denotes Venus, a female. Hence the gender of the child is indicated as female.

In another case, it was predicted to the native almost two months back that the gender of the child to be born during first week of October 2014, shall be female: The natal Chart is appended below:

Vimsottari Dasa:

Ven MD: 1996-01-07 - 2016-01-07

Merc AD: 2012-01-07 - 2014-11-09

The native is running Venus dasha and Mercury bhukti. Dasha lord Venus is in the star of Rahu, who occupies 11<sup>th</sup> house. Bhukti lord Mercury denotes 11<sup>th</sup> house. Rahu denotes Mercury, while

Mercury is in the star of Venus. Rahu is in the star of Moon, while Moon denotes Mercury. Hence Mercury holds the key and it is in the star of Venus.

Hence the inclination is towards female, as Venus is female and thus it was predicted to the person that the gender of the child shall be female.

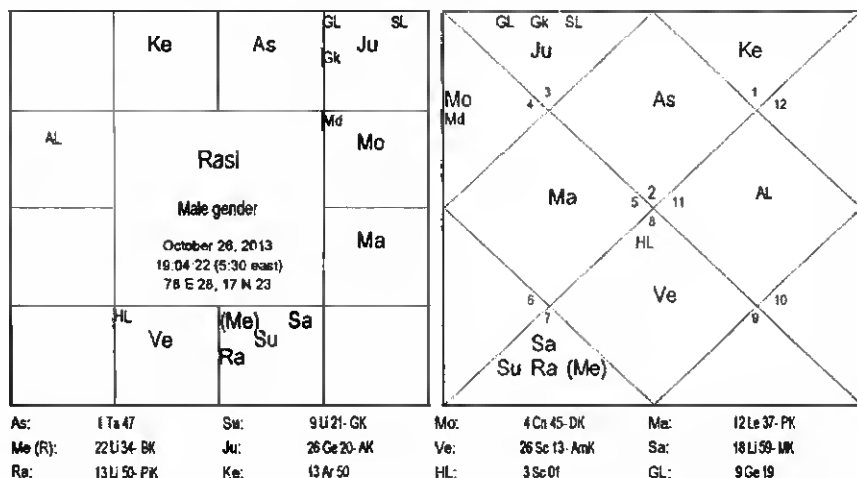

Thus, the native sent me a message during first week of October 2014 stating that a baby girl was born.

Yet in another case, on 26 Oct 2013 at around 10-30 a.m., my neighbour's daughter asked me, standing in front of her house, whether I can foretell what shall be the gender of the child, as she was in the advanced stage of pregnancy.

I was going out for some urgent work and came back soon in one hour's time, but did not have the interest to look at the chart.

Eventually, I got interest at around 7-05 pm on 26 Oct 2013. I checked the time chart, which is appended hereunder:

| Ne   | Ra        | Ju       | 12th house | Me        | Ju       |

The salient points of the chart are:

- Lagna is in Venus sign and Sun star Krithika
- Moon is in Moon sign and Saturn star.
- Day lord is Saturn.
- 05th cusp sub lord is Jupiter.

Accordingly, ruling planets of the time chart are Sun, Venus, Moon and Saturn.

In order to evaluate the gender, let us check the gender of each planet viz. Sun, Mars and Jupiter are male. Venus and Moon are female. Rests of the planets or Nodes are eunuch. But we have to take into consider the gender of the star lord of the planets.

### **Day lord**

Week day is Saturday. By gender Saturn is eunuch. It is in star of Rahu, who is another eunuch. So Saturn shall offer result of Rahu. Rahu is in sign of Venus (Libra). It is conjunct with Sun, Saturn and Mercury. So Saturn offers all these results. Out of these planets, Sun is only male. It is in the star of Rahu (Swati). So it is also neutral. Rahu is further conjunct with Mercury, who is in the star of Jupiter (male). Rahu gets aspect of Jupiter (male). Jupiter is in own star. Venus is the sign lord of Venus, who is female, but is in the star of Jyeshtha ruled by Mercury. Mercury is in star of Jupiter. So it shall offer more result of Jupiter (male).

### **Lagna star lord**

Lagna is falling in Taurus in the star of Sun. The gender arrived at for Sun is discussed above.

### **Lagna sign lord**

The lagna sign lord is Venus (Taurus). Venus is in the star of Mercury, who is eunuch. So Mercury shall offer the gender of the planet it is connected. It is in star of Jupiter (male).

## **Moon star lord and sign lord**

Moon is in own house and it is in the star of Saturn (Pushya). The significations of Saturn are discussed above.

## **05<sup>th</sup> cusp sub lord**

Since the mother of the foetus had asked the query, the 05<sup>th</sup> cusp is taken for evaluation to find out the gender of the child. 05<sup>th</sup> cusp falls at 21 deg. 54 min. in Leo in Venus star Purva Phalguni (Pubba, Puram) and the sub lord is Jupiter as per the chart before me. Considering all these aspects, I declared to the lady in question that the gender shall be male. A baby male is born to the above lady on 30 Oct 2013 at 8-10 a.m. at Hyderabad.

## CORRECT BIRTH TIME

In order to verify as to how  far the natal chart is correct, the method suggested was to depend upon the transit chart. This article was written on 31 Jan 2017 at 8-15 a.m. at Hyderabad. Hence the position of Jupiter, Sun, Moon and Lagna are taken to arrive at the correct birth time.

Jupiter signifies year of the event, since Jupiter transits one year in a sign. In the transit chart, Jupiter is in Mars star Chitra in Virgo. In the natal chart, Jupiter is in Mars star Dhanishta. Hence the year of birth should be concluded as correct.

Sun signifies month of the year, since Sun transits one month in a sign. In the transit chart, Sun is in Shravana star in Capricorn, ruled by Saturn. In the natal chart, Sun was in the Jupiter sign (Pisces) and Mercury star. It is but conjunct with Saturn. Transit Sun gets the aspect of Jupiter. Jupiter is in the sign of Mercury,

viz. Virgo. Hence there is a link established between natal Sun and transit Sun. Hence the month of birth is concluded as correct.

Moon signifies date of the event, since Moon transits one day in one constellation. In the transit chart, Moon is in Purva Bhadra star in Aquarius, ruled by Saturn. In the natal chart, Moon was in the Pisces (Jupiter) and in the star of Saturn. Hence the date of birth is concluded as correct.

Lagna signifies particular sign of around 02 hours when the person was born. In the transit chart, Lagna is in Satabhisha star in Aquarius. In the natal chart, Lagna was in Moon sign (Cancer) and star of Saturn. In the transit chart, lagna is in Rahu star in Aquarius, ruled by Saturn. The lagna is conjunct with Moon. Hence there is link of Moon and Saturn both in natal and transit charts. Hence the time of birth is considered as correct.

## **POLITICS**

Why this person is in Politics? Sub lord of the 10<sup>th</sup> cusp is Saturn only. Rahu signifies Saturn and Mars. Saturn signifies 07, 08 & 09 and it is in own star. Mars signifies 05, 10 and 11 through self and Venus. 10<sup>th</sup> house is for profession. 09<sup>th</sup> house is for Kingdom. 07<sup>th</sup> house stands for audience. 05<sup>th</sup> is for politics. 11<sup>th</sup> house is for Assembly, Parliament, etc. Saturn denotes democracy. Jupiter stands for administration. Sun is for Government. Mars is for power and domination.

Lord of the 05<sup>th</sup> and 10<sup>th</sup> house is Mars. Mars is in the star of Venus in 10<sup>th</sup> house, viz. Aries (Mesha). Whereas Venus in the star of Ketu. Since star lord of Mars denotes a Node (Ketu), Mars indirectly offers the whole result of Venus, i.e., Ketu too. Ketu is in Sun star Krithika, while Sun is in 09<sup>th</sup> house. Hence Mars offers result of 05, 09, 10

and 11 through Venus, Ketu and Sun. In these houses, significations such as politics, kingdom, profession and Parliament are covered. Now, what about 07<sup>th</sup> house? Saturn is lord of the 07<sup>th</sup> house. It is aspecting Ketu. So Ketu also offers result of Saturn. Hence through Venus, Mars also offers result of Saturn.

All these combinations helped native to become a politician. Although Jupiter is in 08<sup>th</sup> house, its position in Mars star is helpful in becoming leader. Jupiter offers requisite wisdom, while Mars stands for power, domination, etc.

During the period between 1984 and 1989, the native represented Kannauj Parliamentary constituency of Uttar Pradesh. During 1984, the native was running the VMD of Venus-Saturn. The native was Chief Minister of Delhi State from 03 Dec 1998.

During 1984 the native was running the VMD of Venus-Saturn. The significations of Venus and Saturn have been discussed earlier, which are self-explanatory.

During Dec. 1989, the native was running the VMD of Venus-Ketu-Mercury. Mercury occupies 10<sup>th</sup> house and occupies Ketu star Ashwini. The significations of Ketu were discussed above, and Mercury just follows these significations.

The native lost the Delhi Assembly elections during December 2013. The native was running Rahu-Rahu-Saturn. Transit Ketu was in natal 10<sup>th</sup> house. Transit Saturn was in 12<sup>th</sup> house to natal Rahu, who was Dasha and bhukti lord at the time of exit from the position of Chief Minister. Ketu denotes sudden exit.

## NAME AND FAME

The native has got proximity of Jupiter, Sun and Venus in three successive signs, in which Venus is in 10<sup>th</sup> house.

Mars signifies 10<sup>th</sup> house through lordship and occupancy. Jupiter is in the star of Mars. Saturn is in own star. Sun and Moon are in the star of Saturn and hence they become stronger and elevated. Ketu is in the star of Sun. Since Sun is stronger, Ketu too shall be. Venus is in the star of Ketu, while Mars is in the star of Venus. Hence these planets become stronger.

The child birth is seen from <sup>23</sup>05th house. Houses 02 and 11 are supporting house. 11th house is 05th for spouse. In KP system, sub lord of cusp is considered. In star lord system, planet, their star lord, position, etc. is considered.

Child birth is seen when houses 02, 05 and 11 are strongly placed. Watery signs viz. Cancer, Scorpio and Pisces are considered fruitful signs for child birth. Dasha has to be checked.

On the contrary, child birth is denied when 5<sup>th</sup> house is weak and linked to houses 04, 06, 12, barren signs, Saturn and Ketu. Barren signs are Gemini, Leo and Virgo. The causative planet for child birth is Jupiter.

The lagna is falling in Cancer at 26 deg 05 min in Aslesha star. 05th cusp falls in Scorpio at Jyeshtha star in Scorpio.

Mars is lord of 5<sup>th</sup> house. It is placed in Virgo, which is a barren sign. 05<sup>th</sup> cusp sub lord is Jupiter. It is lord of 06<sup>th</sup> house and is in the star of Saturn. Saturn is in Ketu star in Leo, which is a barren sign. Hence Jupiter is weak to offer child birth. 05<sup>th</sup> cusp lord Mars is in own star. Rahu is in Sun star. Sun is in a barren sign, Leo.

So, 5<sup>th</sup> house is weak. There are no occupants of 5<sup>th</sup> cusp. Rahu is in Virgo and it denotes Mercury too. Mercury is lord of 12<sup>th</sup> house.

Ketu is linked to Mars as Mars is aspected by Ketu. Saturn is in star of Ketu. So Saturn shall offer all the results of Ketu.

Hence 5<sup>th</sup> is weak and linked to Saturn, Ketu, barren signs, 4 and 12. What about 6<sup>th</sup> house. Jupiter is lord of 6 and it aspects 5<sup>th</sup> house. Besides, Ketu is in Pisces, so it signifies 6<sup>th</sup> through Jupiter and 5<sup>th</sup> through Mars.

Sub lord of 4, 6 and 12 are Saturn, Sun and Venus respectively. There is link of Saturn and Venus as seen above. Sun is in star of Ketu.

The native is married 4 years back and yet to see child birth.

When the aspect of longevity is considered, one should check cusps 01 (self), 08 (longevity) and badhaka. If there is a link between these cusps, the longevity shall be under threat. Or else, the longevity shall be promising. Some Astrologers consider 03<sup>rd</sup> cusp also for longevity. But in our humble experience, the role of 03<sup>rd</sup> cusp in sustaining or reducing longevity is not felt impressive. For all chara (moveable) lagna, 11<sup>th</sup> cusp shall be badhaka. For all sthira (fixed) lagna, 09<sup>th</sup> cusp shall be badhaka. For all ubhaya (dual) lagna, 07<sup>th</sup> cusp shall be badhaka.

In this chart, when rotated to 07<sup>th</sup> house the lagna is Aries, which is a moveable sign. Hence the badhaka is 11<sup>th</sup> cusp, which falls in Aquarius sign. The cusp sub lord of lagna (self) is Mars. 08<sup>th</sup> cusp (longevity) sub lord is Jupiter and 11<sup>th</sup> cusp (badhaka) sub lord is Sun. Both Sun and Jupiter are in the star of Mars, who is lagna lord. Hence there is an impending threat to the longevity of the spouse.

Longevity is classified into 05 categories such as (1) Balarishta, (2) Alpa aayu (3) Madhya aayu, (4) Purna aayu and (5) aparimita aayu, which are infant mortality, death in young age, middle longevity, full longevity and unlimited longevity respectively.

Balarisha is for a period upto 08 years. Alpa aayu is longevity upto 33 years. Madhya aayu is longevity upto 66 years. Purna Aayu is upto 99 years and aparimita aayu is beyond 99 years.

But how does the longevity of a chart shall fit into any of the above 05 categories? For this, we need to judge the chart. At first we need to take the signifying planets of cusps 01, 08 and badhaka.

The signifying planets of lagna are: Mars is lord of lagna. Planets posited in the star of Mars are Jupiter, Sun and Venus. Rahu is in Aries and thus it signifies Mars. Planets posited in the star of Rahu are Mercury and Ketu. No planet is loitering in the star of Mercury or Ketu. So, the signifying planets for lagna are Mars, Jupiter, Sun, Venus, Rahu, Ketu and Mercury.

Similarly, the signifying planets for 08<sup>th</sup> cusp are same. Badhaka cusp is in Aquarius, ruled by Saturn. It is in own star and is close to 08<sup>th</sup> cusp. It has got the lagna and 08<sup>th</sup> lord Mars in its star and they are conjunct in Scorpio. Mars is aspecting Mercury, who is the 06<sup>th</sup> cusp sub lord.

Out of these combinations Sun looks good for longevity as it is lord of 05<sup>th</sup> cusp and occupies 10<sup>th</sup> cusp. But at a glance we can understand that almost all the planets are detrimentally placed for longevity.

When the lagna and 08<sup>th</sup> lord is in the star of badhaka, it shall be dangerous for longevity. Mars is in the star of Saturn in Scorpio. Saturn is conjunct with Mars. Mars has got company of Jupiter, Sun, Venus, Rahu, Ketu and Mercury for company. In view of the above permutations and combinations, it is felt that the longevity (of spouse) is severely threatened.

Ruling planets: Moon in Sagittarius in Ketu star.

Lagna at Aquarius in Saturn sign; Jupiter star.

Day lord: Jupiter

Hence the ruling planets are Jupiter, Ketu and Saturn. Jupiter is appearing three times. The hora lord is also Jupiter.

The VMD of Jupiter got over at childhood. Current dasha is of Mercury. Mercury is not in the ruling planets at the time of judgement. Next dasha is of Ketu. Ketu is appearing in the ruling planets. Ketu denotes Venus and Mars through self and Rahu. Both Venus and Rahu denote Mars, who denotes 01, 08 and badhaka. Bhukti should be of Jupiter and Antara of Saturn.

Hence it is concluded that in the period mentioned above, there should be danger for the spouse of the native.

In order to verify whether year, month and date and eventually the horoscope itself is correct or not, the following method is used:

### Judgement time

Judgement time was 24 Nov 2016 at 9-26 a.m. at Hyderabad with the following transit chart:

### Year of birth

Jupiter signifies year of the event, i.e., birth year. In the natal chart, Jupiter is in Scorpio and is conjoined with Mercury, while in transit chart Jupiter is in Virgo, a sign ruled by Mercury. Hence year of birth is correct.

### Month of birth

Sun signifies month of the event. In both natal as well as transit charts, Sun is in Scorpio. Hence month of birth is correct.

## **Date of birth**

Moon signifies date of the event. In the natal chart Moon was in Venus star in Aries, while in transit chart, Moon is in Virgo in Hastha star. In the natal chart, Moon is aspecting Lagna, which is in Jupiter star Visakha, while in the transit chart Moon is conjunct with Jupiter.

## **Lagna**

Lagna signifies particular two hours on a day. In the transit chart, Lagna is in Venus sign (Libra) and in the star of Jupiter (Visakha). In the transit chart, lagna is in the sign of Jupiter (Sagittarius) and star of Venus (Purva Ashada). Hence the time of birth is almost accurate.

Hence the date and time reported are correct, since they are tallied to the judgement chart. 🙌

## **Marriages**

First marriage was in 1954 during the VMD of Moon dasha, Venus bhukti, and the second marriage was in 1979 during Rahu dasha Moon bhukti.

Rahu is indeed in the star of Venus. Venus and Moon are in mutual aspect. Hence there is link between Venus, Moon and Rahu. There is a saying that in a male chart, if Venus and Moon are linked, there can be two women in that man's life.

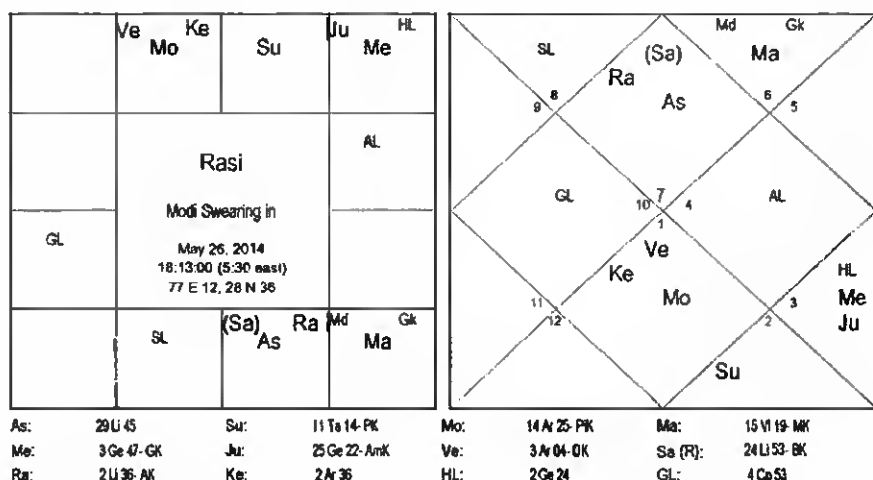

Normally when 07<sup>th</sup> is linked to 06 and 12, there can be divorce, and if 07 is linked to 09 or a dual sign or Mercury one can get married again.

In this chart the planets signify 07<sup>th</sup> house are Mars, Venus and Moon. Planets signify 06<sup>th</sup> house are Jupiter, Rahu and Kétu. Planets signify 12<sup>th</sup> house are Mercury, Sun and Mars. Here you could see that Mars signify 07 and 12. All other planets are not signifying other houses. Hence it is possible that the native could not divorce the first wife. But due to the link between Moon and Venus involving 07<sup>th</sup> house and that they are female planets, native married for the second time.

It shall be an ardent task to complete all the activities of a Government in an article. But an effort is being made to portray some of the point that requires attention of readers and astro-students.

The chart indicates Libra Ascending sign (Tula lagna) and that the aspect of Jupiter on the lagna indicates that the muhurta is fixed by a traditional friend with a view that guru bala or strength of Jupiter is taken into consideration. But personally speaking I do not prefer Libra lagna. Had I been the astrologer who was asked to fix a muhurta, I would have preferred to fix Asc. (lagna) in Sagittarius. The reasons for this suggestion are many.

### **VIMSOTTARI DASA (VMD):**

In this article, the dasha-Bhukti considered are pertinent only, to fit the length of the Government, which is for 05 years.

NPA

The oath chart shall have Venus Maha Dasha running upto 13 Oct 2032.

### **Antardasas in this VMD:**

Ven: 2012-10-13 - 2016-02-09

Sun: 2016-02-09 - 2017-02-09

Moon: 2017-02-09 - 2018-10-14

Mars: 2018-10-14 - 2019-12-13

Of course, the government elected is for a period of 05 years and thus by May 2019, the government shall end its term and seek fresh elections. Hence the Antar dasha period considered is only upto 2019. Some Astrologers use compressed or truncated VMD, but this has not got widespread approval from the astro-fraternity.

The position of Saturn (04, 05) and Rahu (02) in lagna (01) and aspected by Jupiter indicate the function of the government shall carry some secrets and the intention of the Government to function in a confidential manner.

When the 10<sup>th</sup> lord Moon is in 07<sup>th</sup> house and that dasha lord is Venus, the governmental functions should be business-type. Venus and Moon are in 07<sup>th</sup> house.

Since Ketu signifies lagna, the outlook of the government shall be charity-oriented and helpful in nature.

But Rahu denotes Venus (01, 08-corruption), Saturn (silent), Mars (02, demanding) and Jupiter (money, 3). These combinations indicate there shall be continuity of corruption and manipulation of documents, etc. in the Government.

Mars is in 12<sup>th</sup> house. It indicates speedy actions, hard-work restlessness, hidden enemies, etc. Hence the action plan of government shall be at faster track. The people at the helm of affairs would undertake hard and long working houses. They shall be found to be restless at their work. Government shall function in its own way and wishes to overhaul many traditional working aspects.

Lagna lord Venus is in a moveable sign (Aries), which indicates lots of dynamism on the part of Government. This ensures speedy work, quick action and reaction, reaching out to opposite parties, good response, Love and affection towards work, aesthetic work, etc.

Mars is in the star of Moon. Moon is lord of 10<sup>th</sup> house. Hence there is a link of 10 / 08 / 12 for the chart. Also the fact is that Sun, who denotes Government, is in 08<sup>th</sup> house. Hence it is felt

that there shall be rebellion against the administration from the subordinates as well as from the people. Government may face disgrace. There shall be snubbing by the boss (in this case, President of India).

The position of Sun in oath taking chart should be strong as the Government is denoted by Sun. Here, Sun is posited in 08<sup>th</sup> house and is in the star of Moon. Government shall sweat it out to control hidden enemies and rebellion from the subordinates. There will also be humiliation at the hands of colleagues and subordinates for the Prime Minister. Also, the fact is that Jupiter should be strong, who denotes wisdom, expansion, administration, finance, etc. In this chart, Jupiter is in own star and is in 09<sup>th</sup> house. It should be concluded that Jupiter is stronger.

Since dasha lord is Venus and it is in 07<sup>th</sup> house, the Government shall reach out to all opposing sides and partners with love.

### **EDUCATIONAL SECTOR**

Jupiter is in 09<sup>th</sup> house and it is in own star, so is Mercury, but it is in the star of Mars. This indicates that there shall be lot of thoughts be put into educational sectors and the sector shall have quick and expansive developments with the maintaining of the traditional wisdom. The branch of engineering, computers, IT, etc. shall have boost in educational aspects.

From June 2014 to Dec 2014, the VMD is of Venus-Venus-Jupiter. During this period there shall be more expansion and surges with regard to labour, employment, communications, relationship with neighbour, higher education, foreign and diplomatic relations. We could see Government reaching out to in these aspects. However,

since Saturn occupies the star of Jupiter, the requisite result as wanted by the Government may not be fulfilled with its speed.

### **Venus dasha-Venus bhukti period**

Upto Feb 2016 there shall be Venus dasha-Venus bhukti period shall operate. During this period there shall be rise in the cases of atrocities on women. The price of gold should be at lower level.

### **Venus dasha-Sun bhukti period**

Upto Feb 2017 Venus dasha, Sun Bhukti shall operate. During this period there shall be more of governmental intervention on many issues and the Government may suffer humiliation on account of their decisions and actions. There shall be internal disputes within the Government.

### **Venus dasha-Moon bhukti period**

Upto October 2018 Venus dasha, Moon Bhukti shall operate. During this period there shall be more atrocities on women in the country. There shall be rise in the medical cases of illness related to kidneys, etc.

### **Venus dasha-Mars bhukti Period**

From October 2018 until the end of the Government, there shall be more of "rushing" on the part of Government with reference to reforms and developments.

### **Growth of economy**

For the growth of economy, one should consider houses 02, 06, 10 and 11 along with Jupiter.

02<sup>nd</sup> lord Mars is in 12<sup>th</sup> house. Nodes along with signify Mars. Venus is in the star of Ketu. Jupiter, Saturn and Nodes denote 06<sup>th</sup> house. Venus is in star of Ketu. Moon and Mars along with Nodes denote 10<sup>th</sup> house. Sun is in the star of Moon. Sun alone signify 11<sup>th</sup> house.

Since Saturn (04) is in lagna and that it is in star of Jupiter (06), during Venus-Venus-Jupiter period should see Government reaching out to public as well as States. But Jupiter can cause some animosity from these aspects.

### **War**

Venus and Moon are in 07<sup>th</sup> house in Aries, while its lord Mars is in 12<sup>th</sup> house. Dasha is that of Venus. It is not seen that the Government wages war with its neighbours (03).

### **Share market**

Saturn (05), who is in star of Jupiter, is conjunct with Rahu (gambler), while Rahu denotes Mars (02). Venus is in mutual aspect with Saturn. Jupiter is aspecting Saturn. Although Jupiter is favourable for surging, Saturn shall make the market slow and steady.

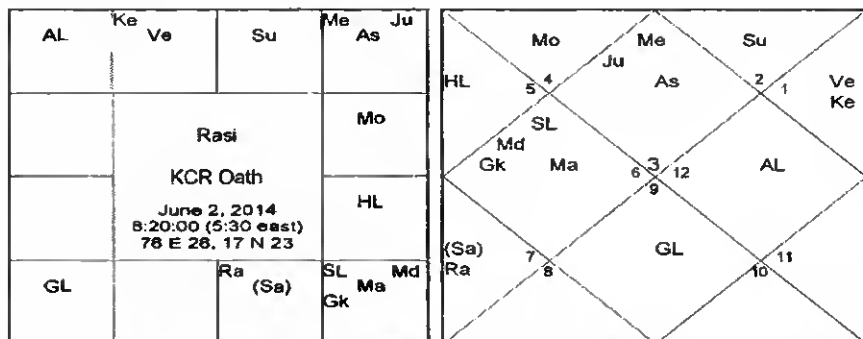

### **Longevity of the Government**

The position of Mars and Sun are not really good for longevity of the Government. But Moon looks alright. It is in the star of Venus and the maha dasha is that of Venus only. Hence it is felt that there is no threat to Government and it shall complete its term.

- 01) The lagna is in the sign of Mercury, star of Jupiter and sub of Saturn. Mercury denotes Rahu, who is conjunct with Saturn and is aspected by Jupiter. Jupiter denotes 07 and 10. Jupiter stands for Administration. Saturn denotes 05, 07 and 10 houses. Saturn stands for Democracy. Moon is in the star of Saturn (05, 07, 09 and 10). This article does not highlight or glorify events such as death. Of course, death is mandatory for everyone. The article is written for academic interest only as to how a natal chart, as shown below, can be analyzed with reference to such a horrific act.

However, is the birth data correct? Let us adopt the known procedure of tallying the given birth data to the time of judgement. The transit time at the time of judgement is considered below:

## Jupiter

Jupiter signifies year of the event. In the natal chart, Jupiter is in Leo in Ketu star Makha. In the transit chart, Jupiter is in the star of Hastha ruled by Moon in ~~Virgo~~<sup>♂</sup>. Is there any relation between the two Jupiters? Yes, of course. Please see that in the transit chart, the star lord of Jupiter is Moon. Moon is in the star of Rahu, while Ketu is in the star of Rahu. In the natal chart, Jupiter is in the star of Ketu. Hence Rahu has linked Jupiter through Moon and Ketu. Hence the year of birth of the native is considered as correct.

## Sun

Sun denotes month of the event. In the natal chart Sun is in Gemini and it is in the star of Rahu. Hence Sun denotes Rahu. In the transit chart, Rahu is in Leo and hence it signifies Sun. Hence the month of birth is considered as correct.

## **Moon**

Moon denotes date of the event. In the natal chart, Moon was in Jyesta star ruled by Mercury, while in the transit chart Moon is in Swati star (ruled by Rahu) in Libra, a sign ruled by Venus. In the natal chart, Venus and Moon are in mutual aspect. Indeed, Rahu denotes Venus too in the transit chart. Hence the date of birth is considered as correct.

## **Lagna sign and star lord**

Lagna denotes approximately two hours of the event. Lagna in the natal chart was in Rahu star in Libra, a sign ruled by Venus. In the transit chart the lagna is in Jupiter star in Scorpio, while Venus is in sign of Jupiter. In the transit Chart, natal star lord Rahu signifies Venus in the transit chart, while in the transit chart, Venus denotes Jupiter, who is the star lord in the transit chart. It is therefore concluded that the chart looks correct with reference to the date and time of birth. Indeed the birth data of the native was given by his father to an astrologer in Hyderabad.

The analysis with reference longevity and un-natural death on this chart goes like this:

- a) Longevity is deciphered from 01<sup>st</sup> and 08<sup>th</sup> cusps.
- b) Sacrifice is deciphered from 12<sup>th</sup> cusp.
- c) Saturn-Mars-Rahu combinations make the native to die violently when there is link with 08 / badhaka, etc.
- d) 12<sup>th</sup> cusp sub lord is Rahu. When Rahu becomes a signifying planet of 12<sup>th</sup> cusp, it can give sudden death.

- e) Rahu becomes a signifying planet for 12<sup>th</sup> cusp through Mercury.
- f) Moon is in the star of Mercury.
- g) Moon is in mutual aspect with Venus, who is lagna and 08<sup>th</sup> cusp signifying planet along with Badhaka cusp through Mars.
- h) Ketu in 04<sup>th</sup> cusp offers moody nature.
- i) Ketu signifying 05<sup>th</sup> cusp indicates fear, anxiety, uncontrollable thoughts, etc.
- j) Native was undergoing saade-saath.
- k) Lagna is in Libra and 08<sup>th</sup> cusp falls in Taurus—both are ruled by Venus. 11<sup>th</sup> cusp (badhaka) falls in Leo, ruled by Sun.
- l) Saturn, Mars and Rahu become signifying planets for 11<sup>th</sup> cusp (badhaka). 08<sup>th</sup> cusp sub lord, lagna lord and 08<sup>th</sup> lord is Venus. Venus is in the star of Mars, who occupies badhaka, besides being holding lordship of maraca cusps (02 and 07).
- m) Jupiter is the lagna cusp sub lord. It signifies badhaka cusp through Ketu-Mars. Of course Jupiter is close to the 11<sup>th</sup> cusp too.

Of course, VMD, which is derived from the longitude of Moon, was of **Venus-Rahu-Moon-Venus-Jupiter-Rahu**.

Dasha and Sookshma lord Venus denotes 01, 02, 07, 08 and 11 through self and Mars, which are denoting self, maraca, longevity and badhaka.

Bhukti and Deha lord Rahu denotes Jupiter (Badhaka through Ketu), Mercury (12) and Moon (02).

Antara lord Moon denotes maraca. Prana lord Jupiter denotes 06 and badhaka.

Most important aspects are that Rahu, who is in the star of Mercury and is conjoined in Cancer sign with Mercury. Moon is in the star of Mercury and is in mutual aspect of with Venus (01, 08 and 11).

Preceptors always advocated that for all Libra born persons, Venus is not favourable, especially, when it is placed in the 08<sup>th</sup> cusp. 08<sup>th</sup> cusp stands for disgrace, disappointment, humiliation, etc. When the period of Venus operates (say Moon is in star of Venus), the native will face disappointments in his endeavours. The dasha and Sookshma lord was Venus.

Lagna Maha Dasha, which is derived from the longitude of Ascendant, was of Saturn-Mercury-Mars-Rahu-Moon-Jupiter.

Saturn denotes badhaka cusp. Mercury is in star of Jupiter and it also denotes 11<sup>th</sup> cusp through Ketu. Mars denotes 11<sup>th</sup> cusp. Rahu denotes Mercury, Moon and Jupiter. Moon denotes Mercury.

Of course, it is probably easy for many astro-writers to write about the past events. But the preceptors teach the students from generations that unless and until one venture out to analyze a past event, one may not be confident to predict a future event.

Fate has cut short the life of a shining star, whose future should have been quite promising too.

Lagna falls in Mercury sign, Sun star i.e., Virgo and Uthara respectively. Mercury denotes 10 and it is in 05<sup>th</sup> cusp. 10<sup>th</sup> house denotes profession and 05<sup>th</sup> stands for politics. Sun is in 05<sup>th</sup> house. Sun denotes Government and it is in own star. Jupiter is lord of 07 (audience) and 04 (general mass). It occupies 10<sup>th</sup> house, which is for profession. All these indicate that the chart tallies with the query in the mind.

For a Governmental position, the signification of Sun to that of 10<sup>th</sup> house should be present. For all political appointments, 05<sup>th</sup> house shall be mandatory. Saturn denotes democracy. Sun is for Government. 09<sup>th</sup> house denotes Federal or Kingdom.

10<sup>th</sup> lord is Jupiter is in 10<sup>th</sup> house, but is retrograde. It is in mutual aspect with Venus, who also signifies 09<sup>th</sup> house (Federal). But there is no link of Sun indicating that Mr. Gandhi will not be in Government. Sun is lord of 12<sup>th</sup> house and it is in 05<sup>th</sup> house.

Venus indicates reaching out to people, fan following, etc., but is retrograde. Lord of the 10<sup>th</sup> cusp is Mercury, which is in the star of Moon in Capricorn.

The VMD at the time of the chart in question is that of Jupiter-Ketu-Mars-Saturn. Jupiter looks good. But Ketu cannot be trusted. It is occupying 08<sup>th</sup> house too. It is in own star too and hence quite weak for materialistic advancements. Although Mars and Saturn look stronger, Ketu does not inject interest into the person.

The person may not get the idea of his profession completely due to retrograde planets. Ketu does not allow him to show interest or being in continuity. Hence Prime Minister post is ruled out.

Accordingly, the declaration came from the Party high command (next day) that Mr. Gandhi shall not be the Prime Ministerial candidate (atleast for now).

This article was only for Parliamentary elections in 2014, and does not predict the future of Mr. Gandhi.
